Introduction

Greetings! Here is a portfolio curated to show you my recent work.

I specialize in game art / digital art, specifically, stylized characters. I am proficient in simple animation, both motion graphics and frame animation.

Common applications I use for art are ProCreate & Adobe Photoshop.

Don't see what you're looking for? Contact me via email or LinkedIn, I'll get back to you if I have samples of what you're looking for!

If there are any works that catch your eye, do reach out to me, I am open for commissions.

Enjoy viewing!

Final Note

Thank you for viewing my portfolio!

I hope you found what you are looking for.

The traditional art displayed is mostly sketches as many of my previous are is unavailable. These sketches were made quickly to showcase the different art styles I can cater to.

Didn't find what you're looking for? I do simple animations and motion graphics as well! Contact me for more information.

Do reach out to me if you would like to discuss commission rates, freelance work or others.

Once again, thank you!
