

FLOOD

Cannot traverse by water this turn, all of the enemy's attack multipliers are set to 1 this turn

MOTIVATION SURGE

Damage dealt & received this turn is doubled. The enemy moves an additional space at night. Attacking on north zone will reduce damage dealt by 10

FESTIVAL OF THE PEOPLE

given by conquered tiles are 2x this turn for both initial conquering AND keeping the tile till the end of turn. Each conquer attempt this turn requires 1

AVAILANCHE

Anyone currently on or around the mountain is stuck for the whole morning phase. North zone is filled with snow, movement cost on it 2x

STORM ACROSS THE LAND

All terrain bonuses are gone this turn, being attacked on west zone will result in 2x damage received for player

SIMULTANEOUS RAIDS

The watchtowers and port city are being attacked, end on them this turn to save them. For every one that isn't saved, minus 1 supply(if no supply minus 5 HP)

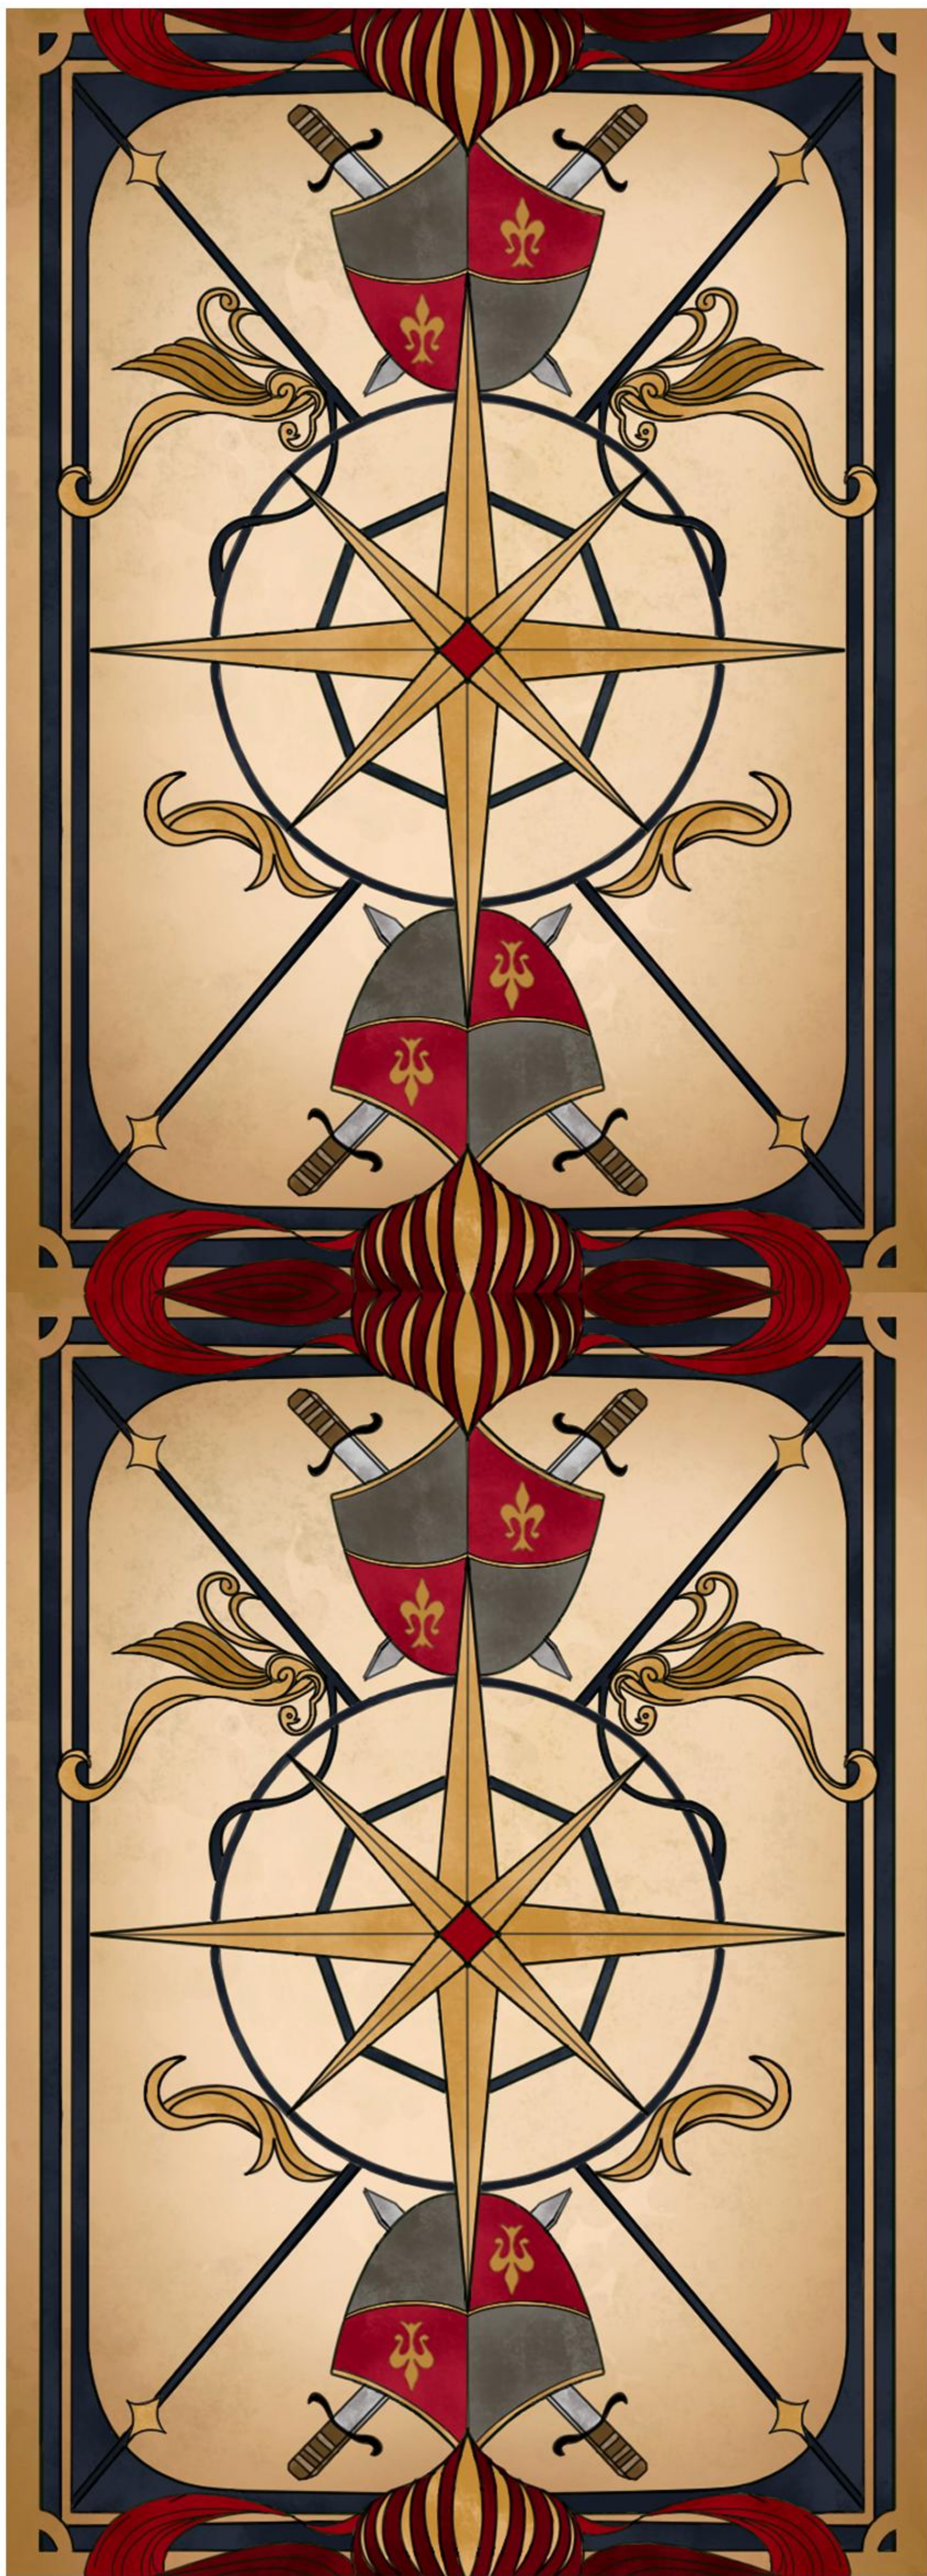

SEISMIC SHIFT

All movement cost +1 AP, conquering has a -2 penalty to rolls this turn.

FOG OF DECEIT

This turn, roll after movement every phase. If it hits 6, the enemy immediately teleports to the Prince's location and begins combat.

BLACK MARKET

You may trade supplies for AP, or vice versa
1 = 2AP

GREAT FAMINE

Conquer attempts require 1x this turn, however enemies do not unconquer the tiles when they go over. Travelling on east zone will -1 each AP used

RETRIBUTION

PRESERVATION

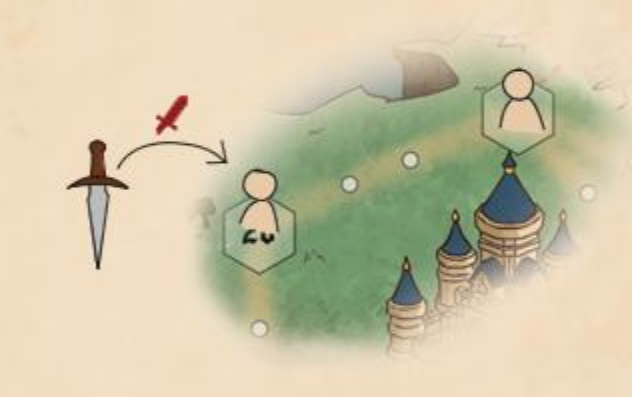

While all 3 units are connected in a V shape with the prince at the front:
+3

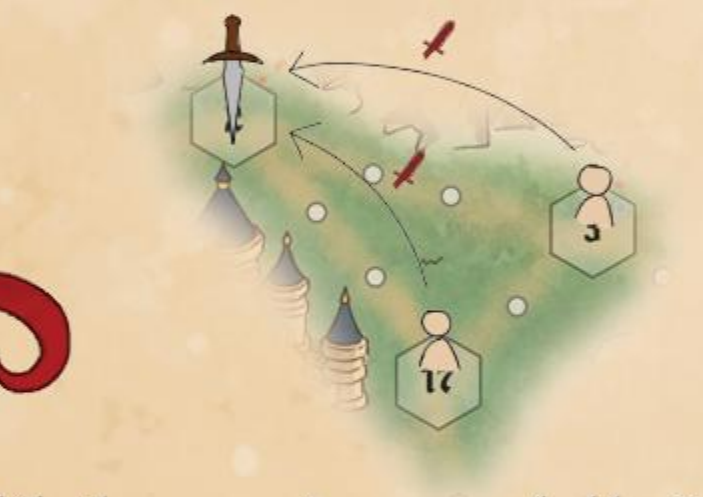

Initiate combat if the enemy is in a space adjacent to the prince.

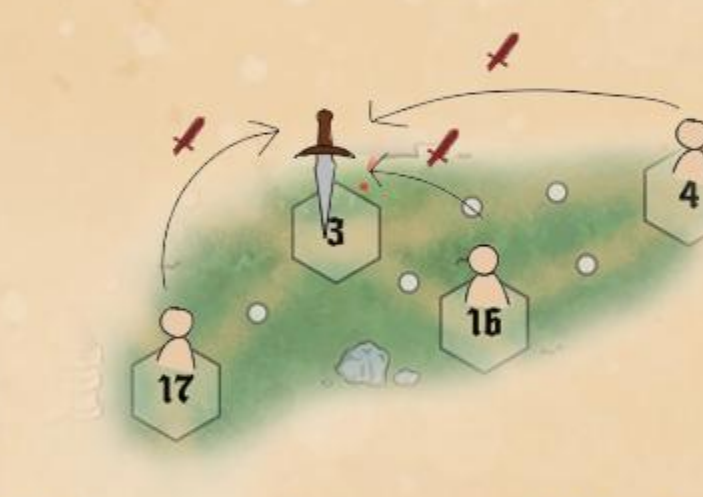

While the enemy attacks a knight with the prince in a connecting space:
+3

While the enemy attacks a knight with another knight in a connecting space:
+5

While the enemy is surrounded by 2 units:
Initiate combat with +5

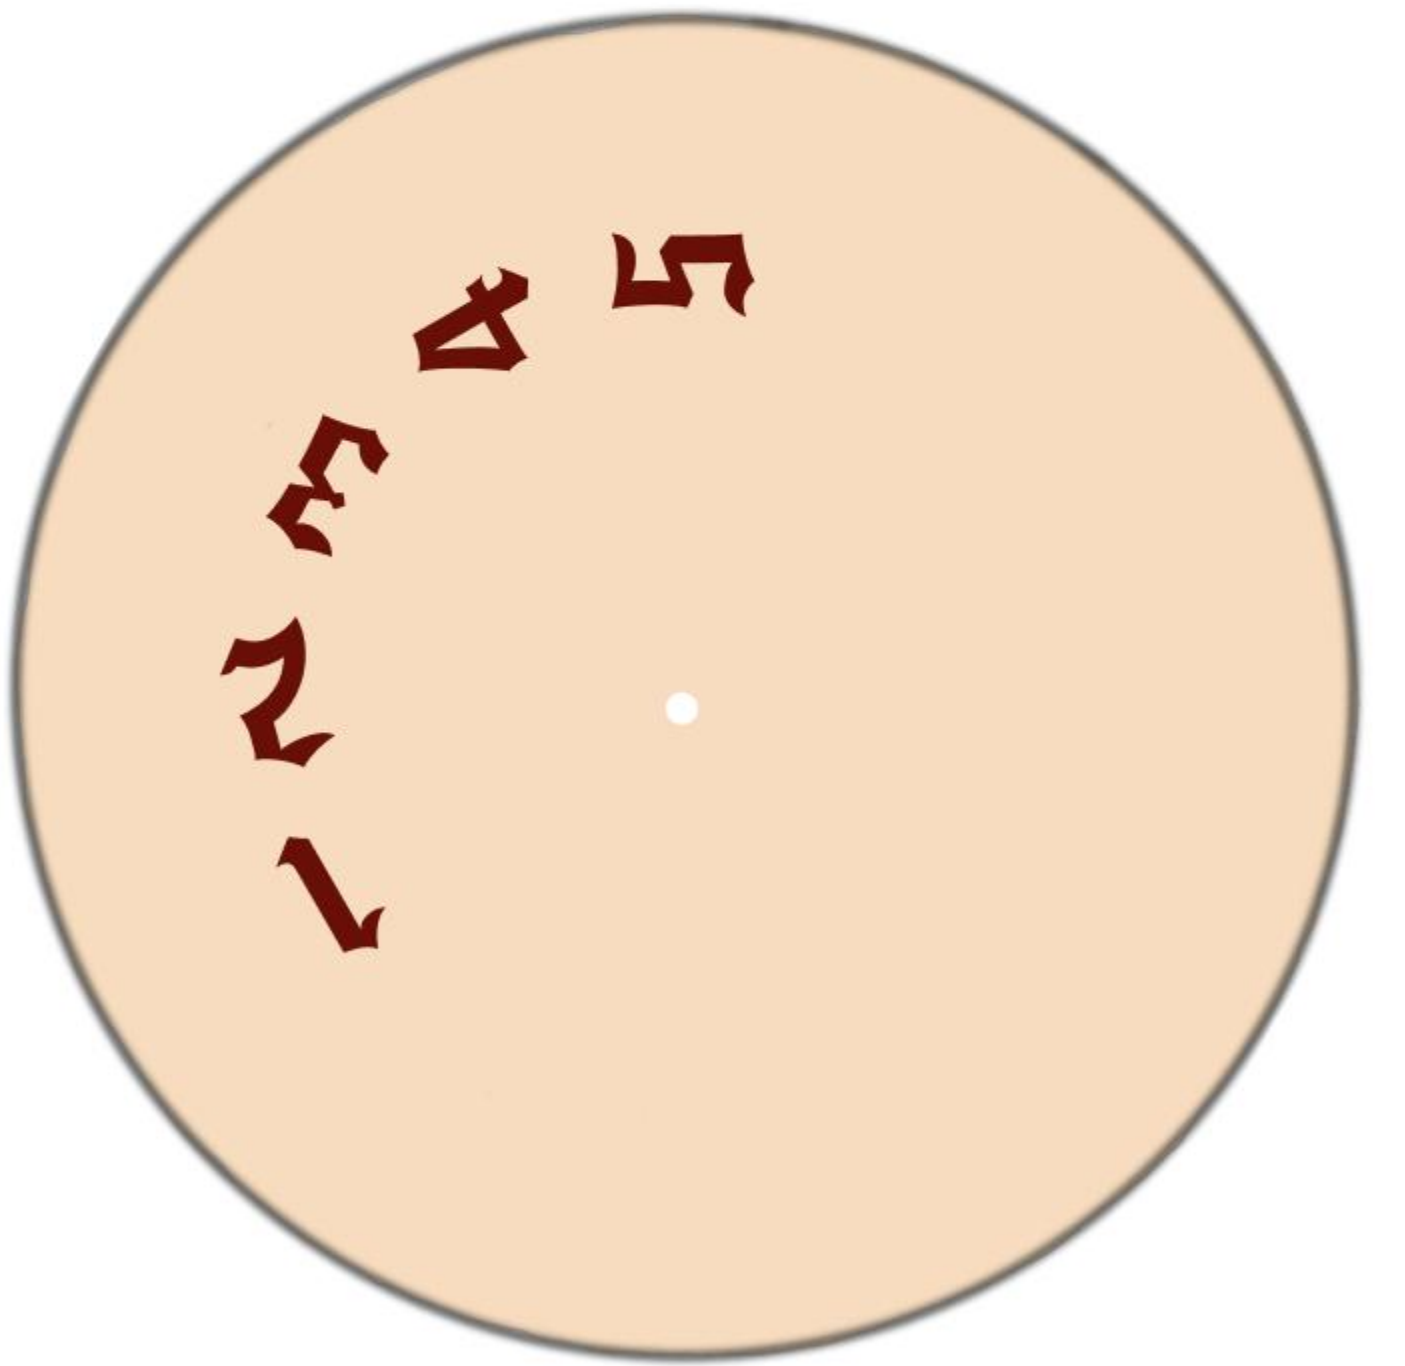

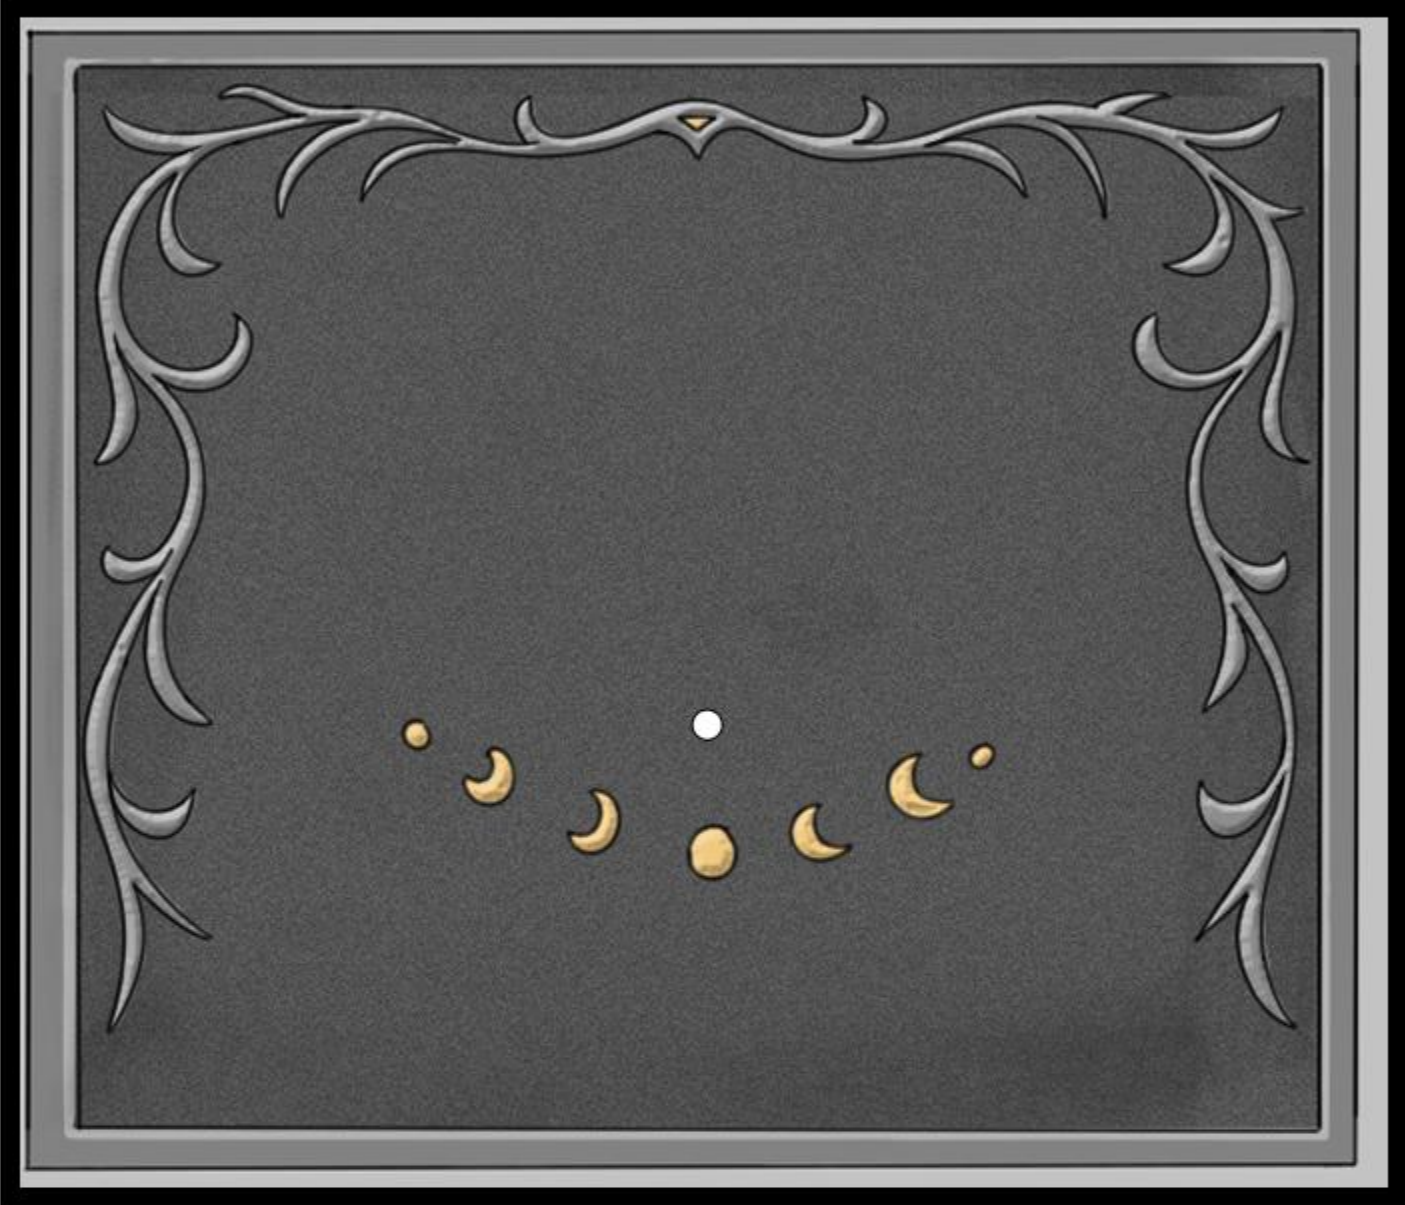

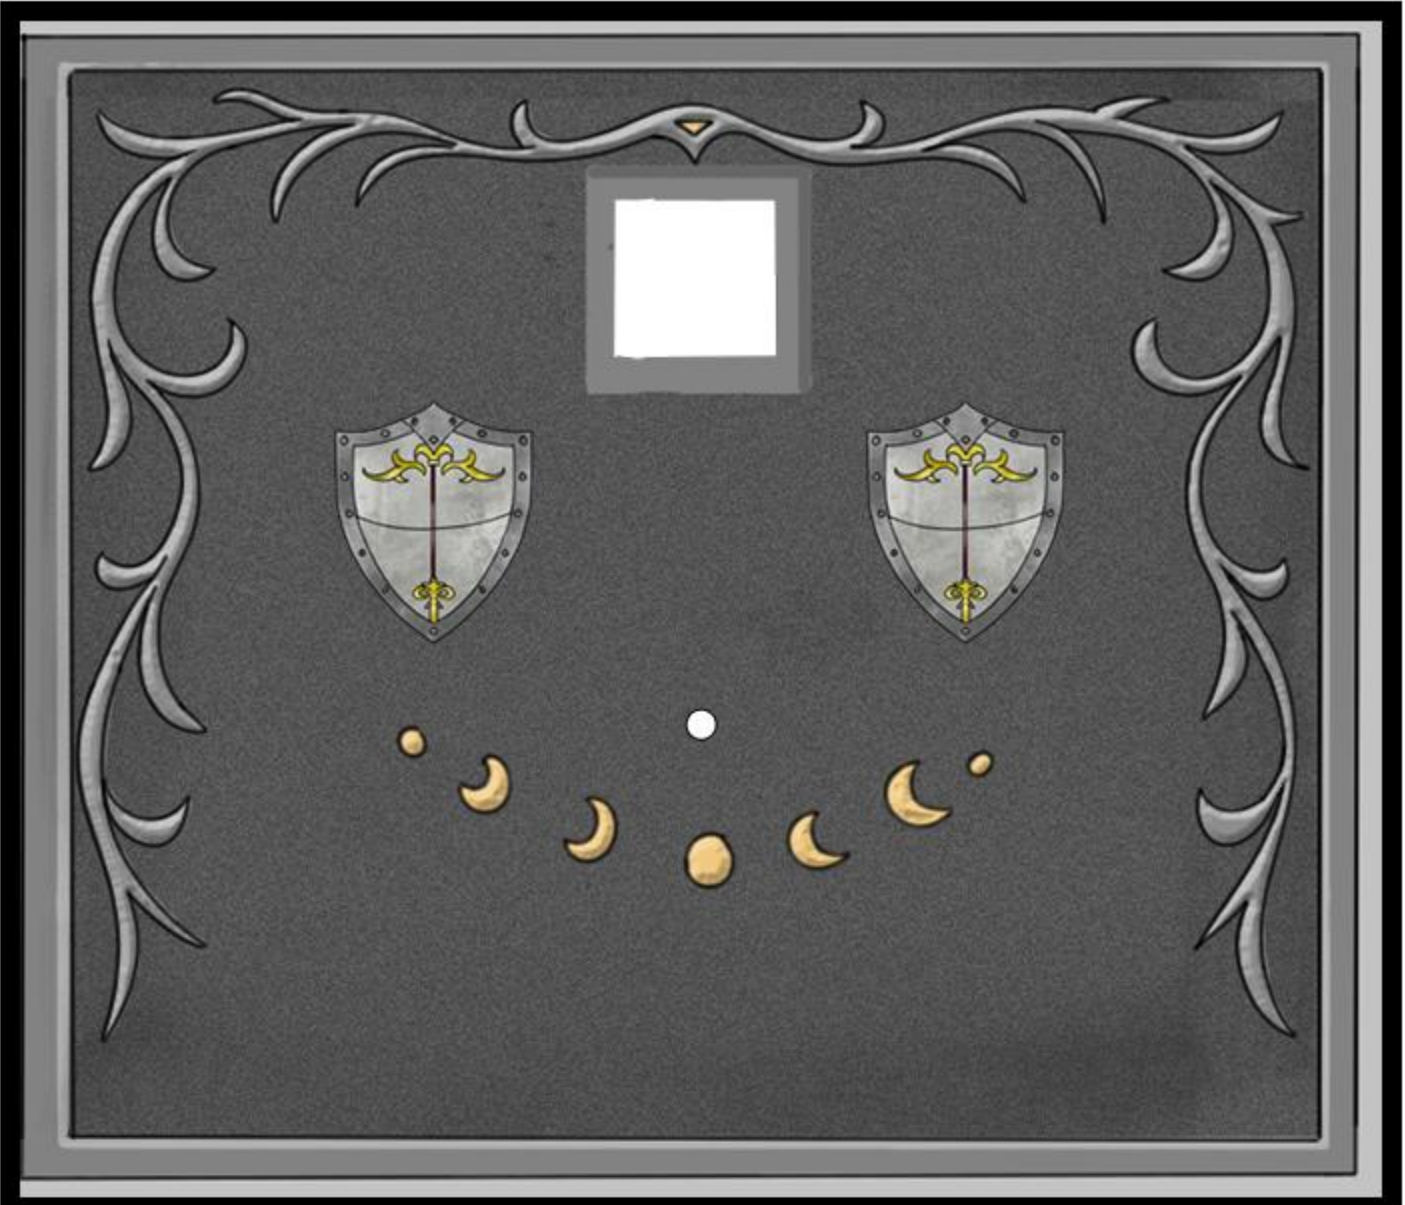

While the enemy is surrounded by 3 units on 3 different spaces:
Initiate combat with x2

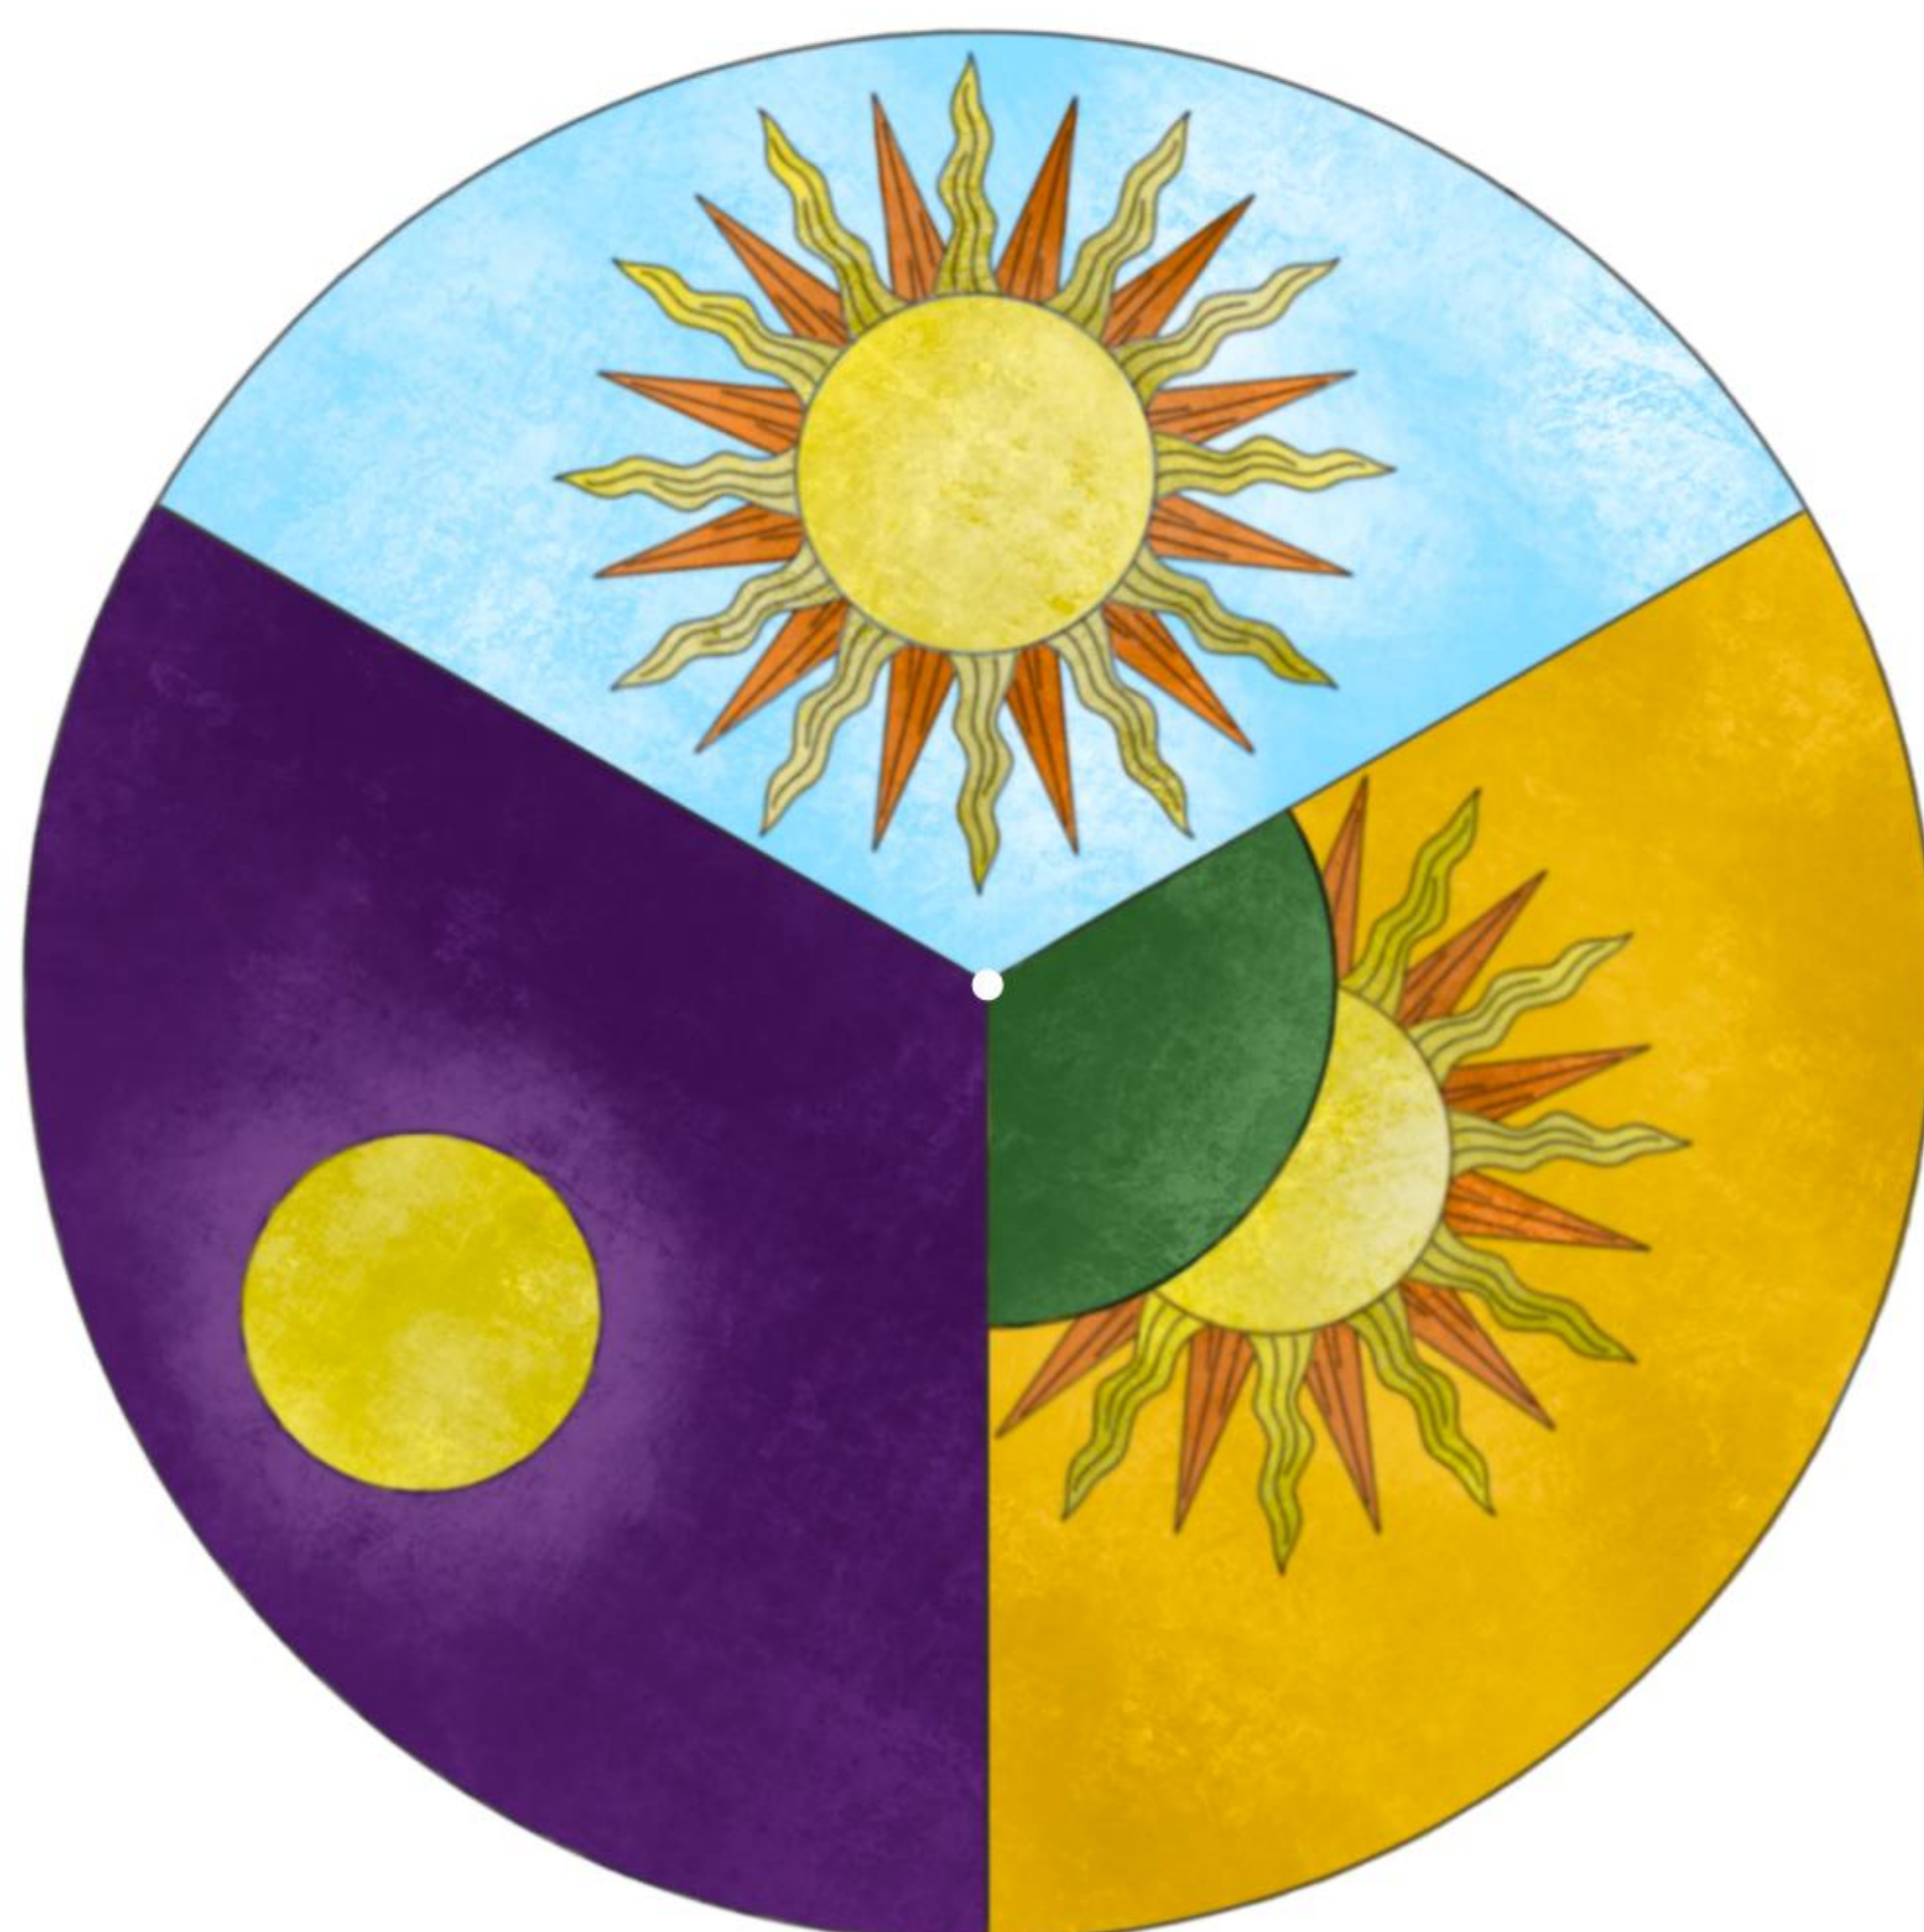

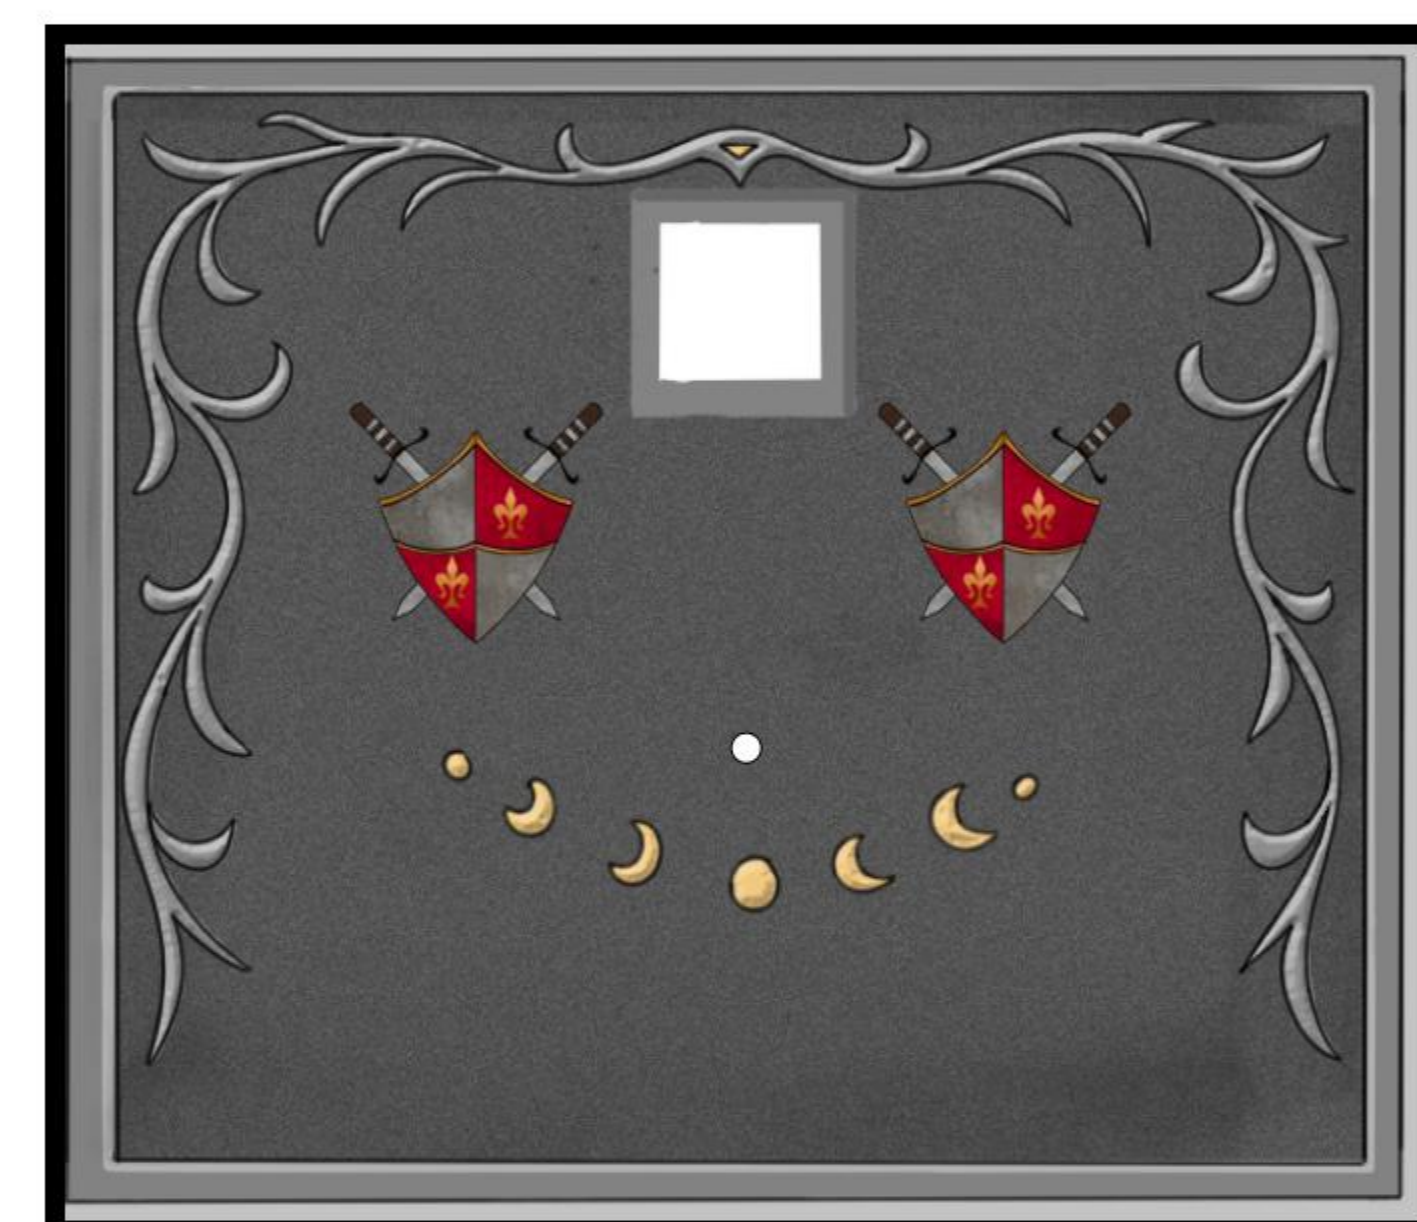

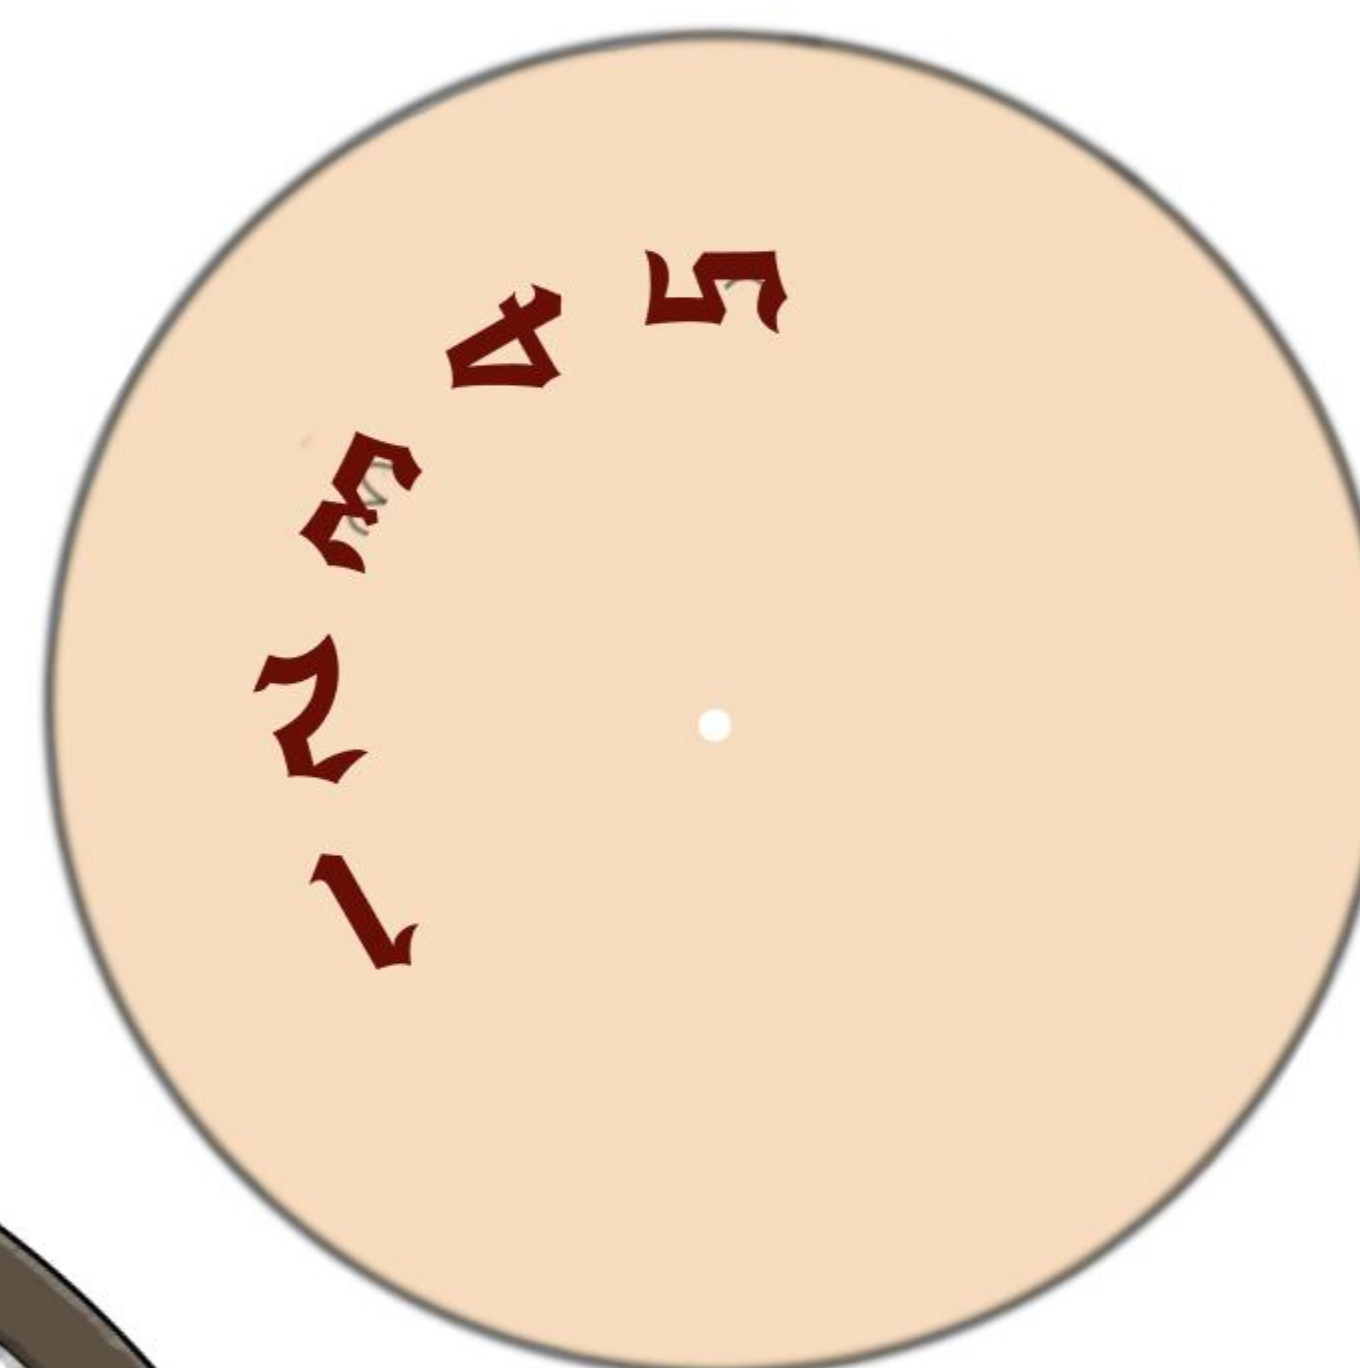

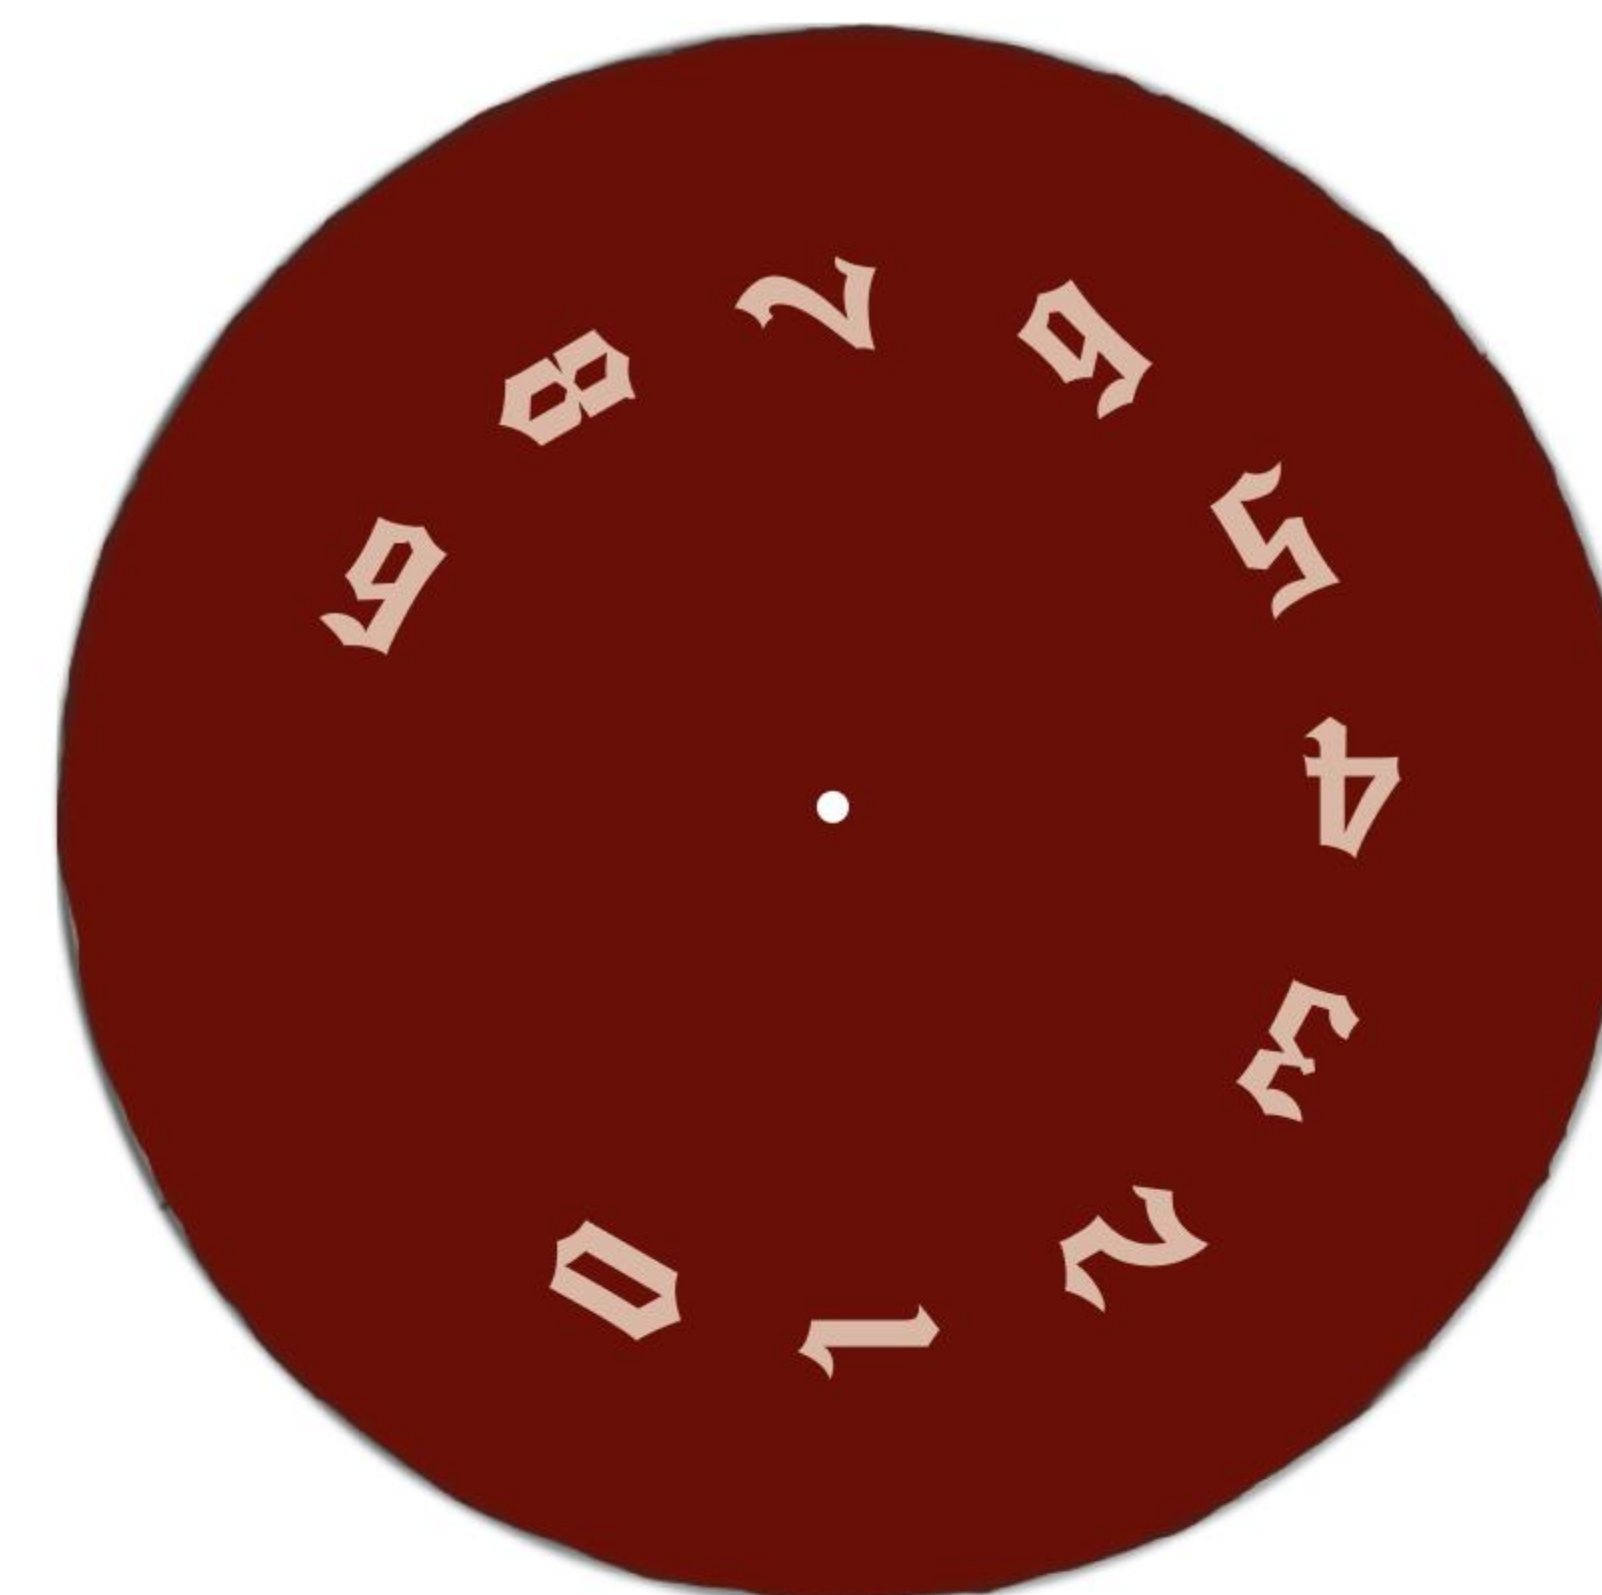

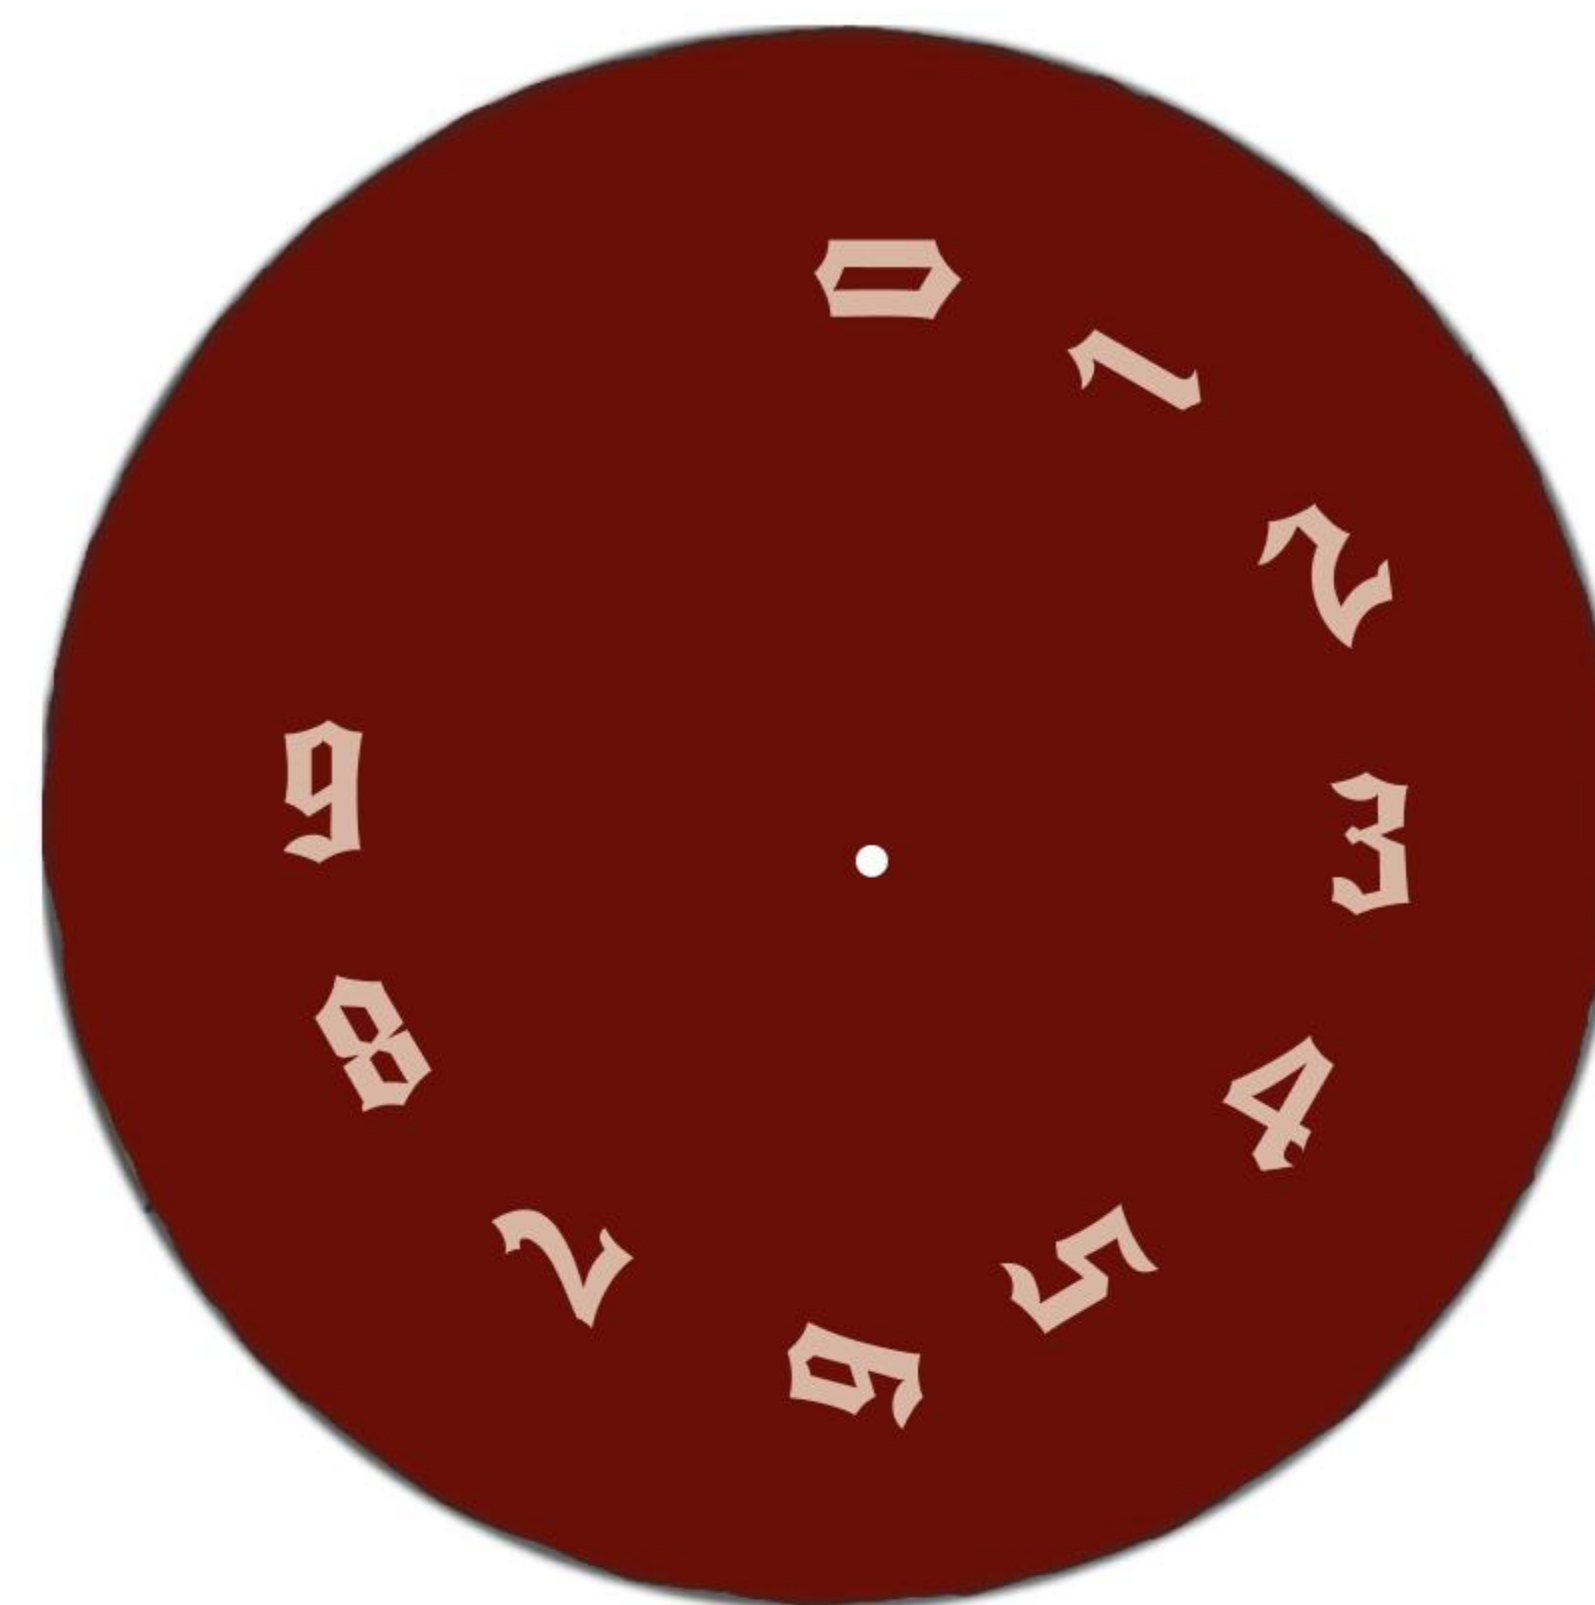

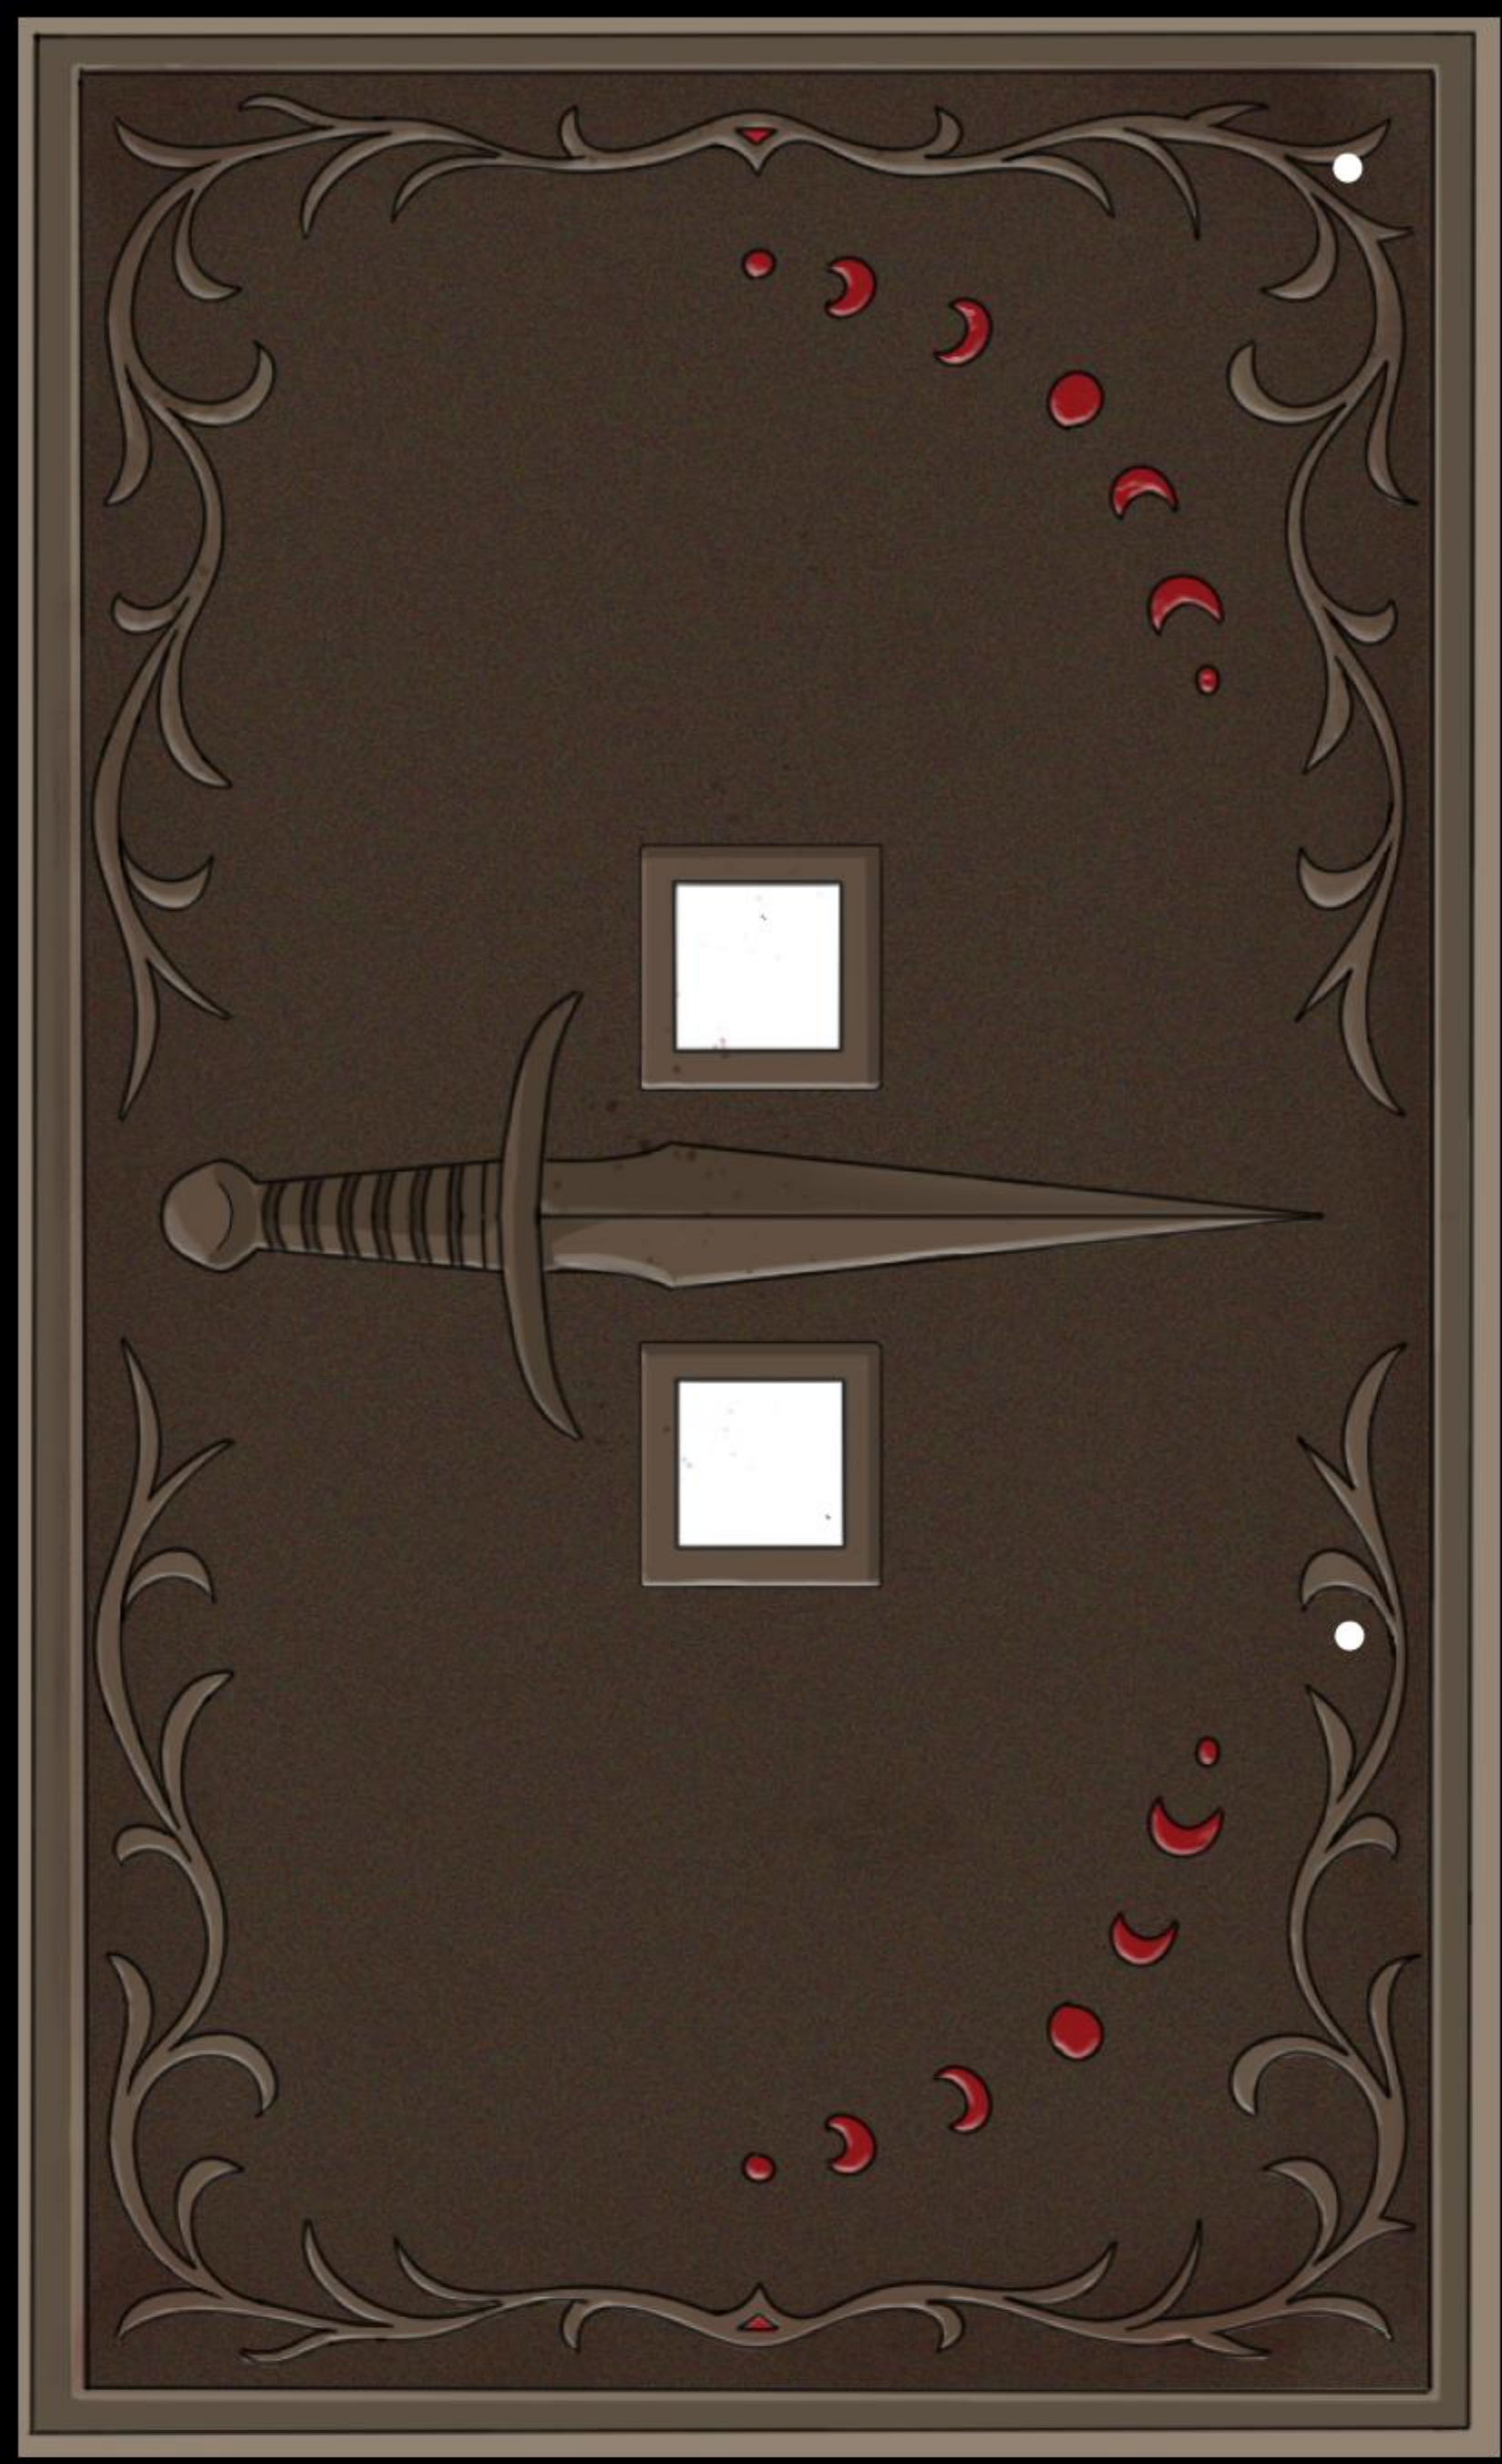

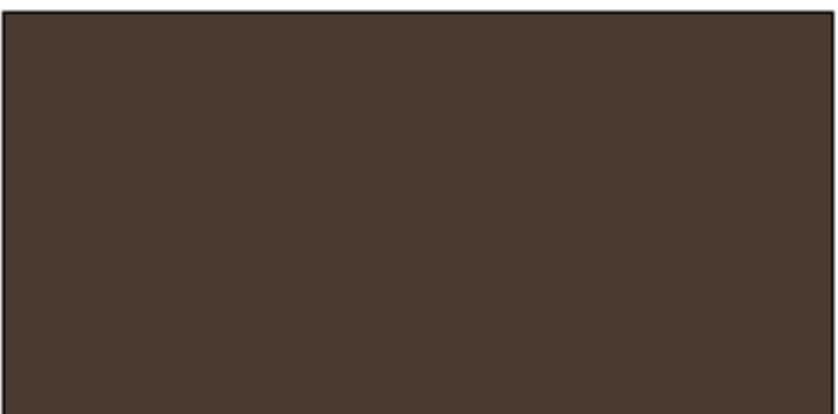

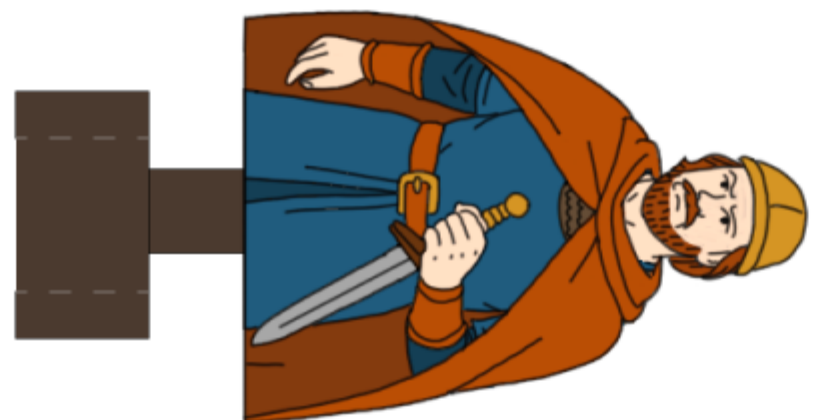

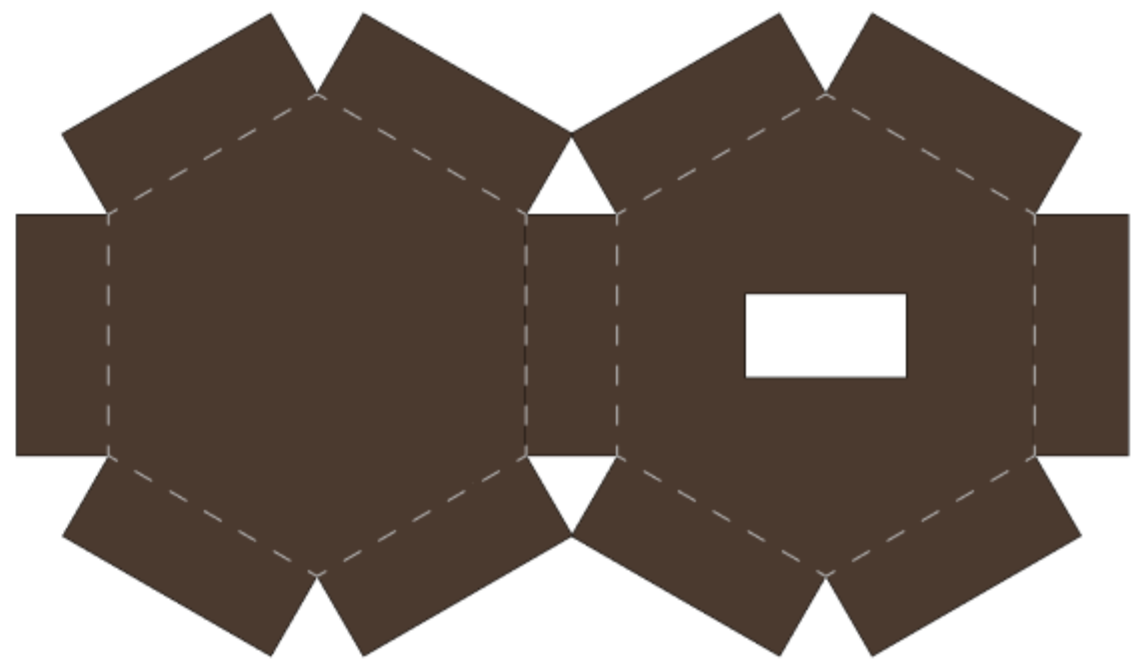

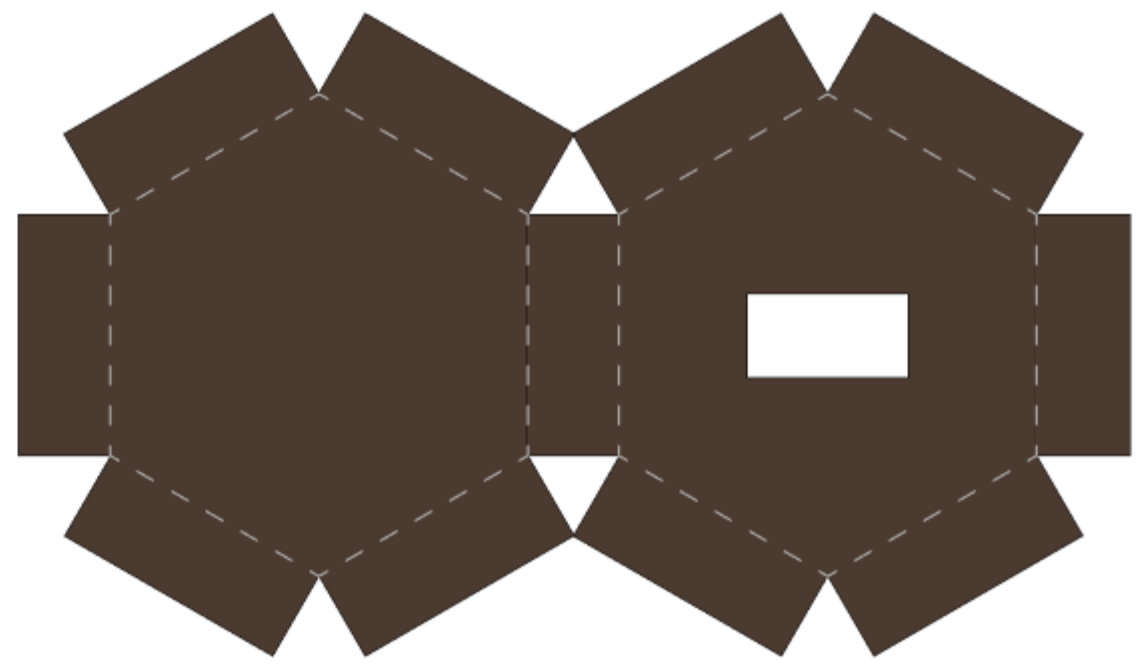

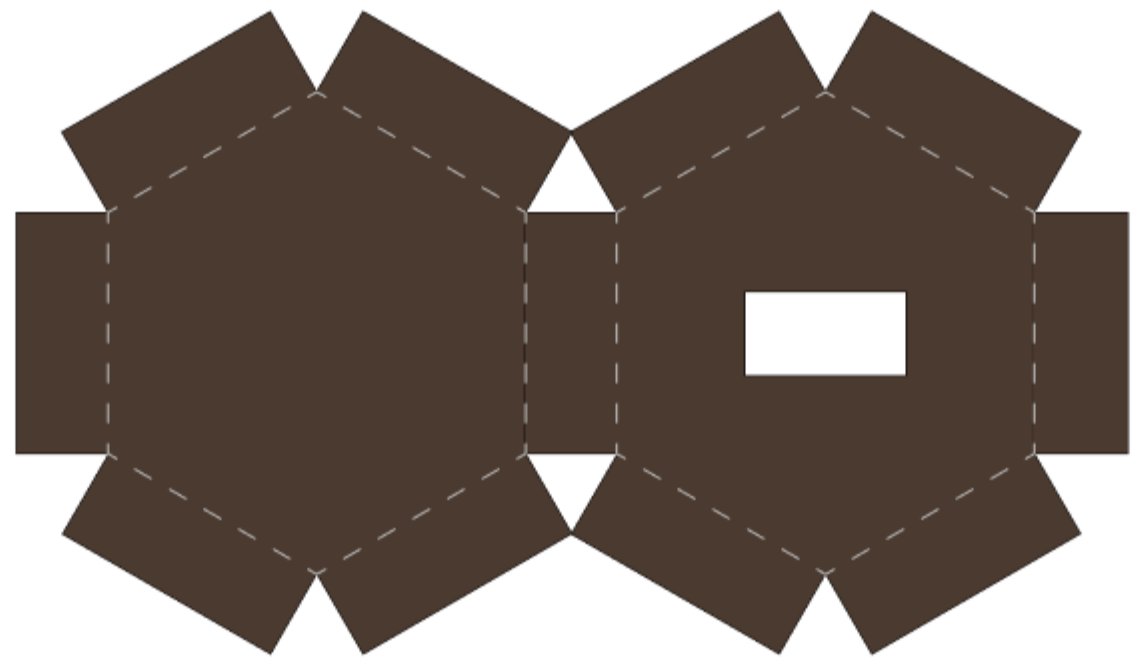

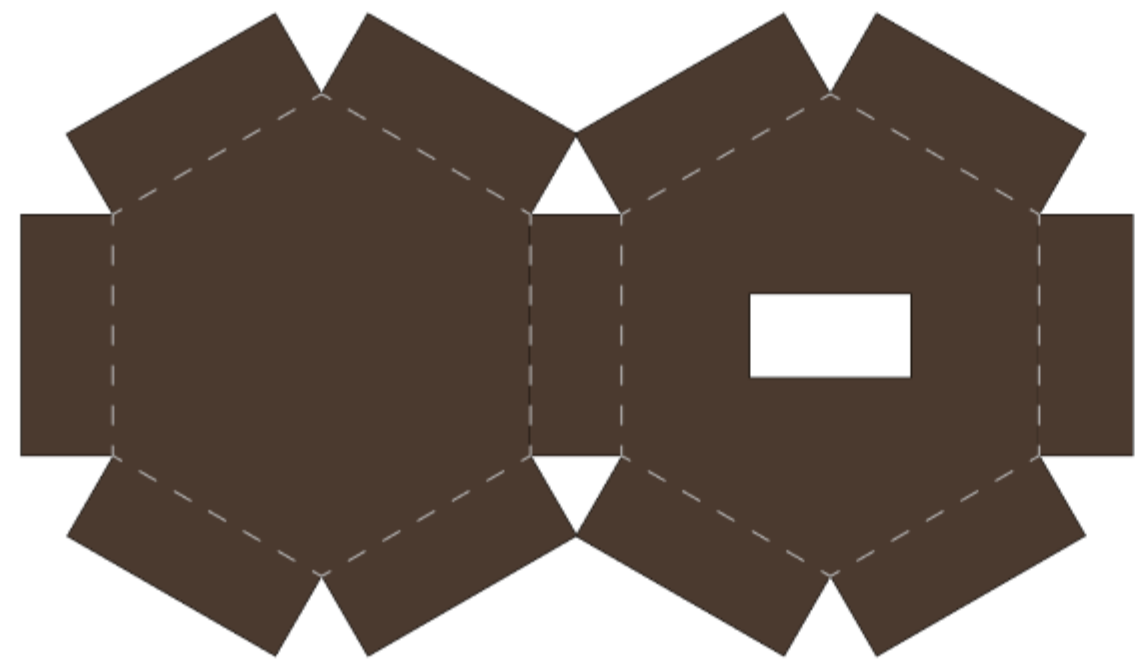

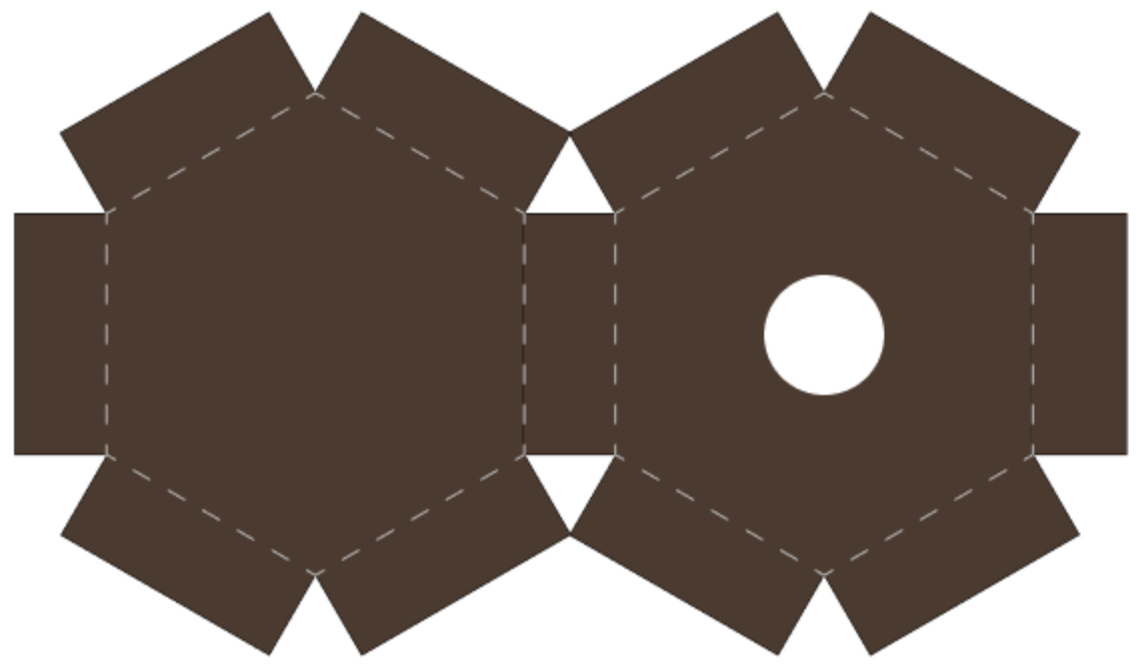

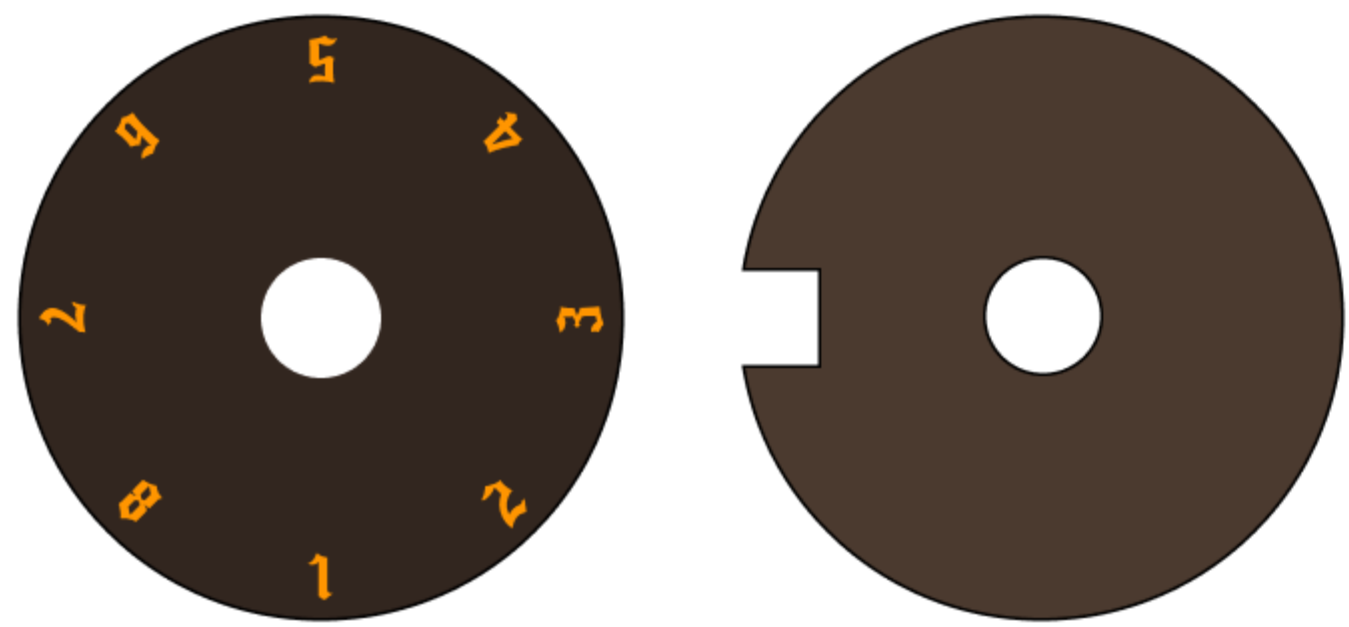

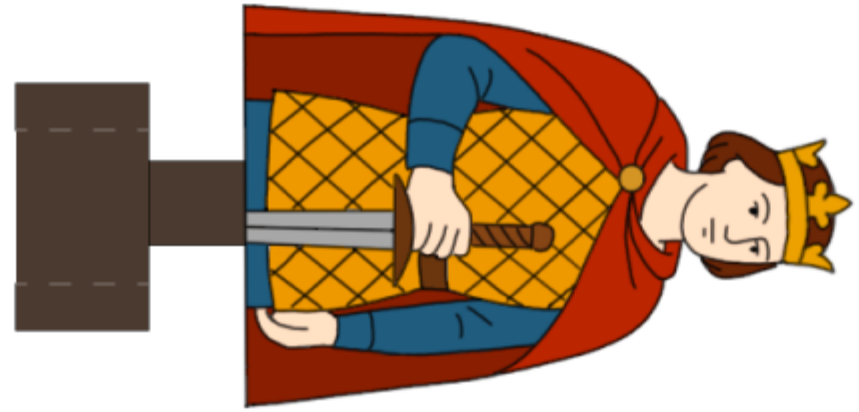

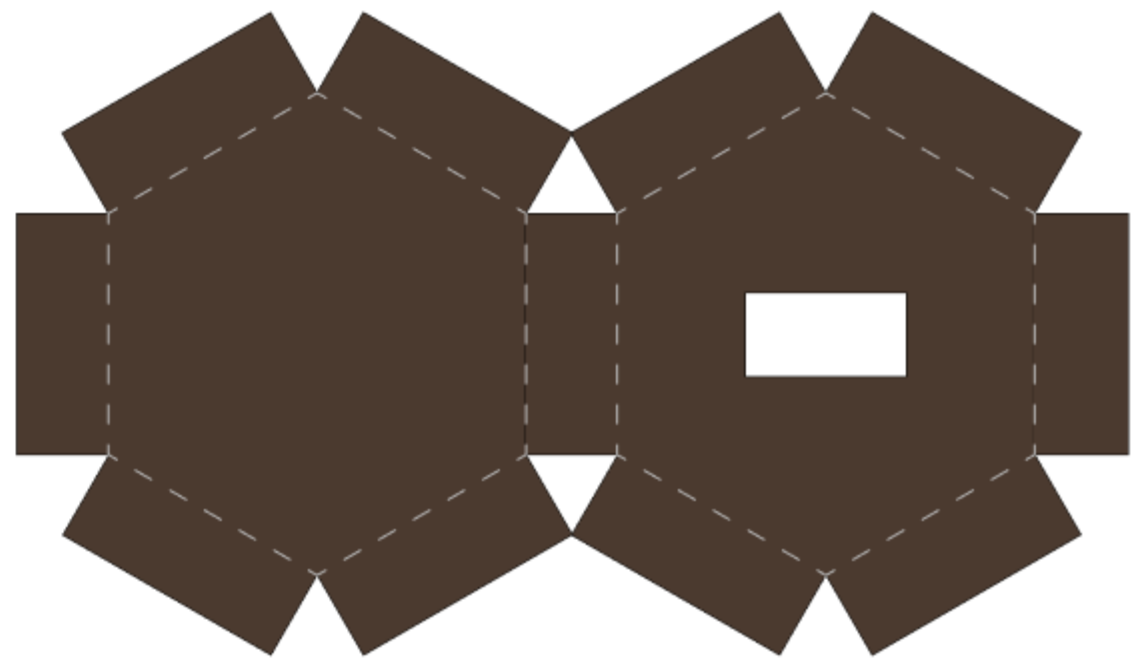

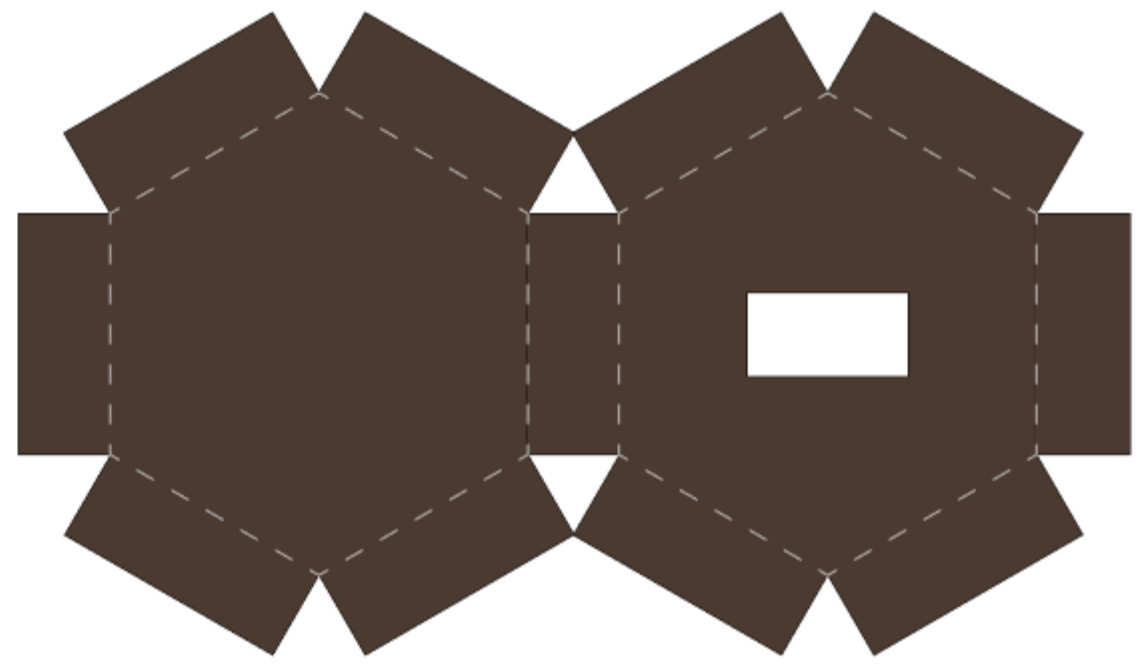

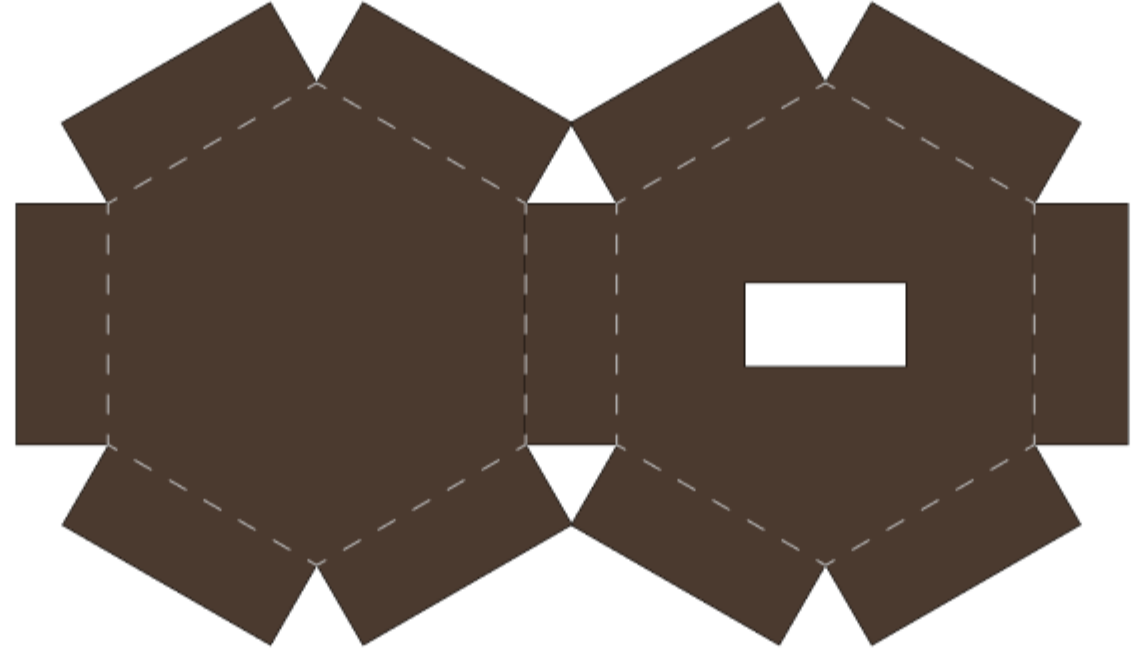

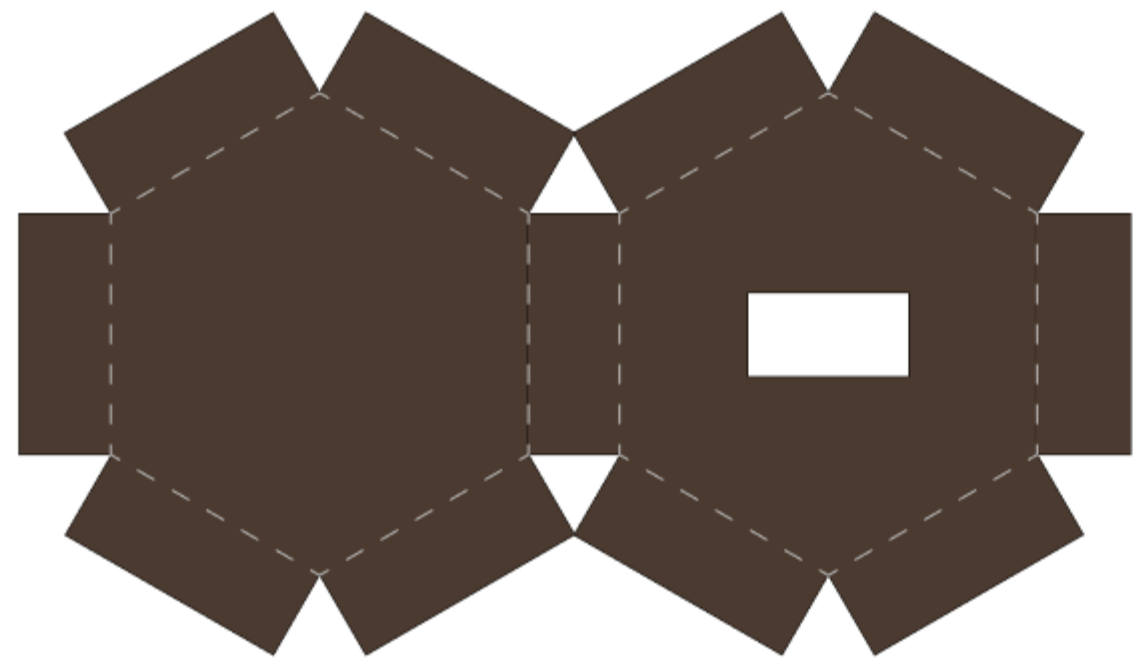

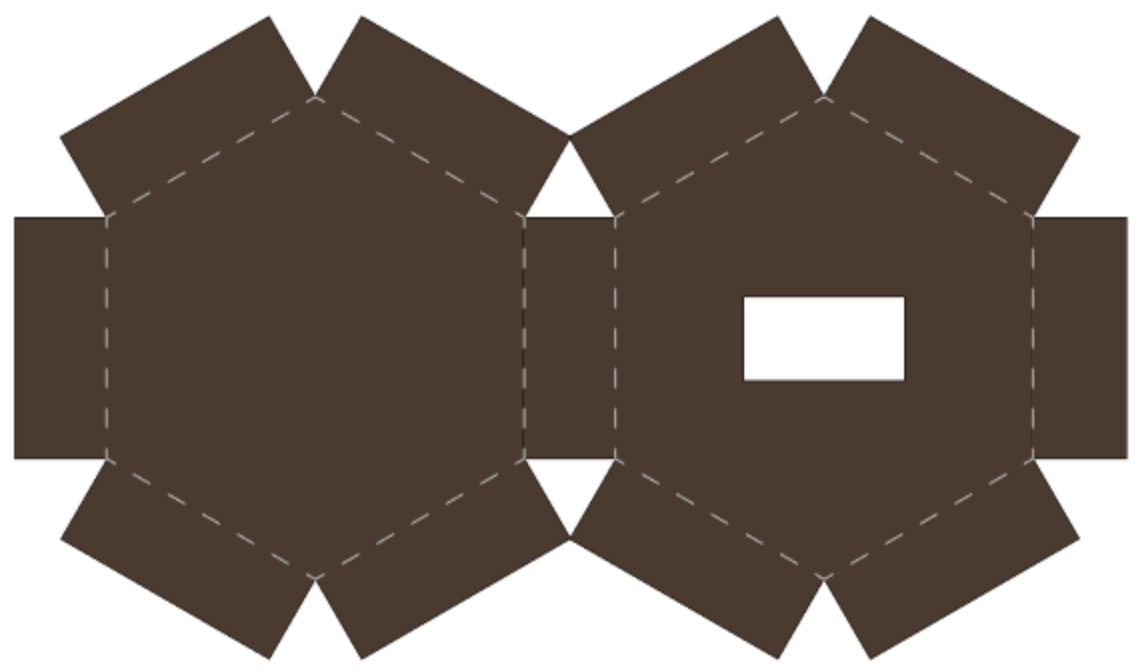

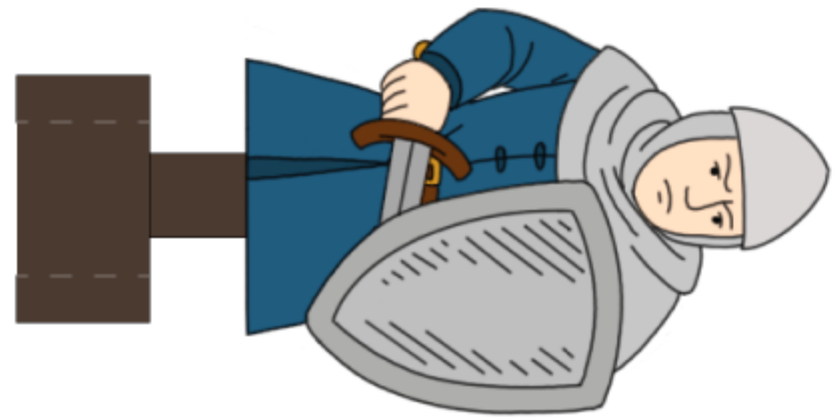

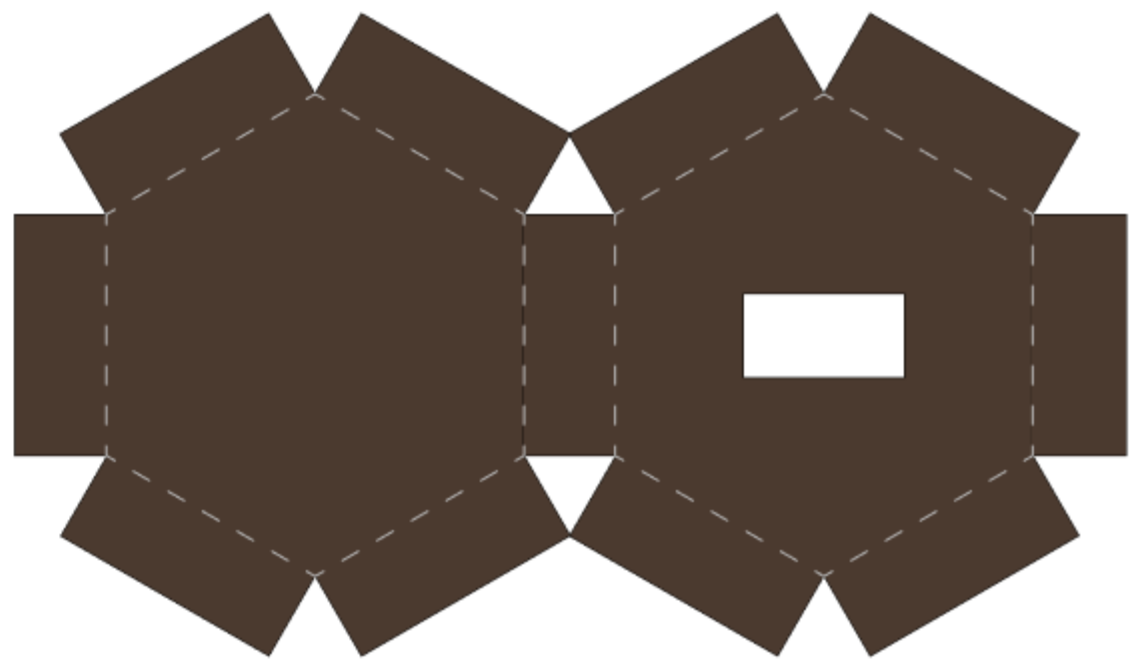

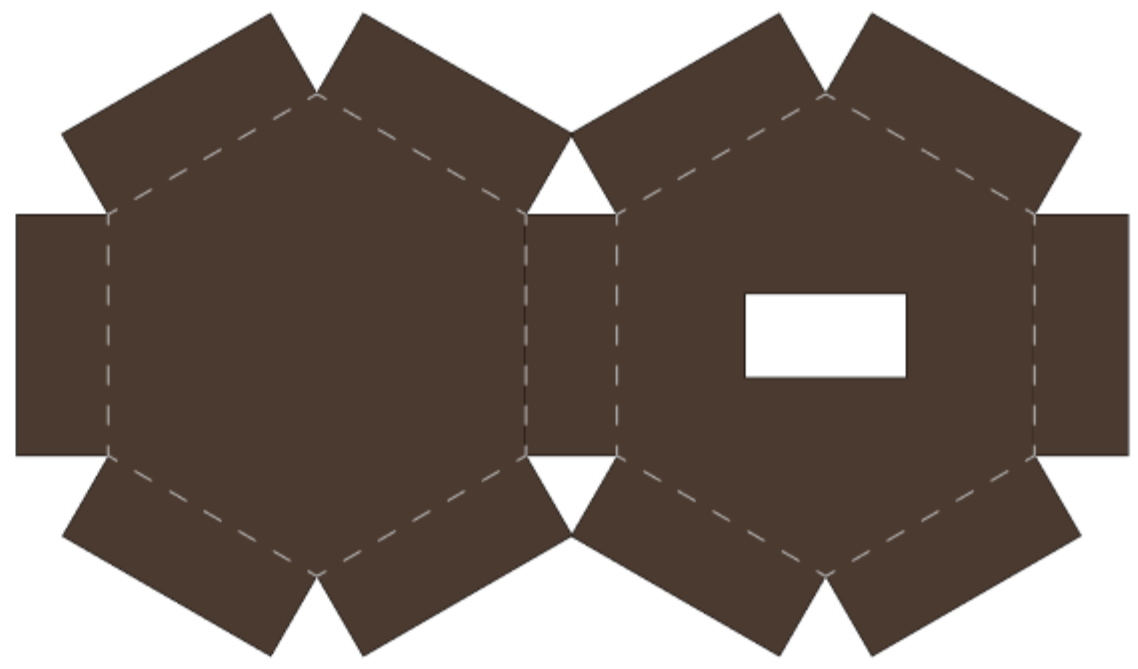

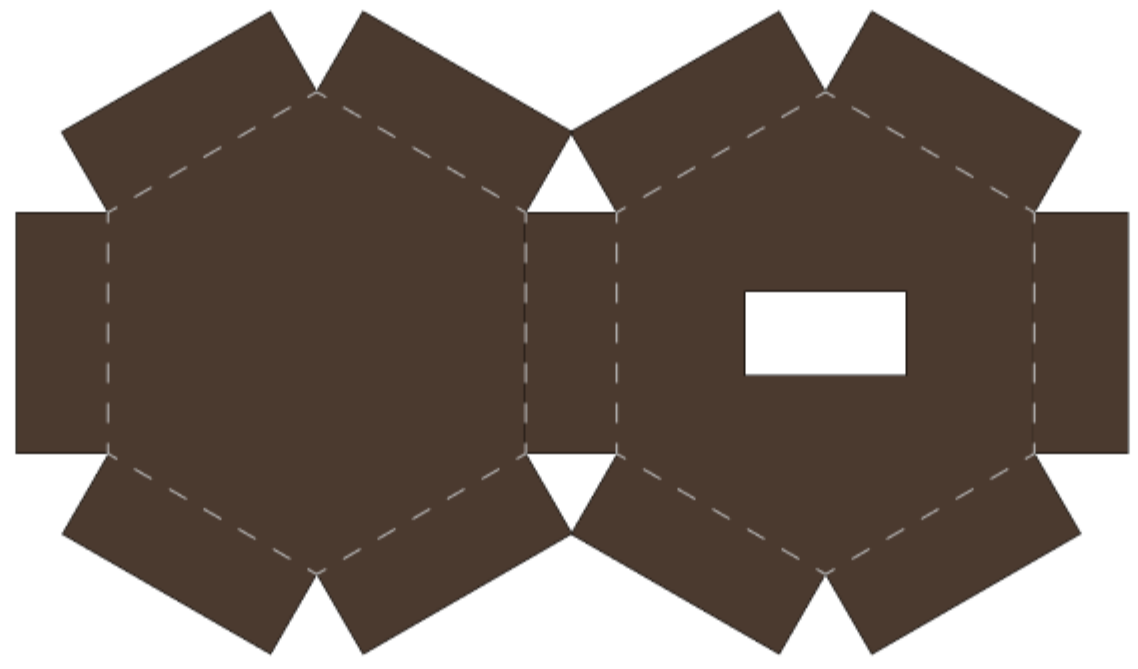

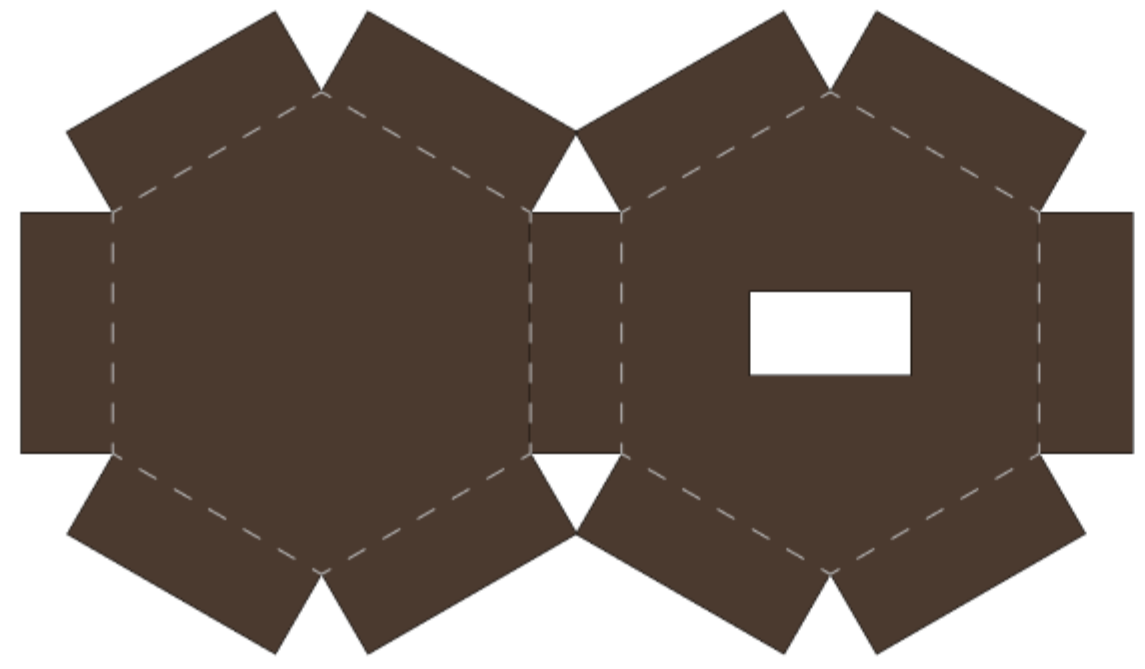

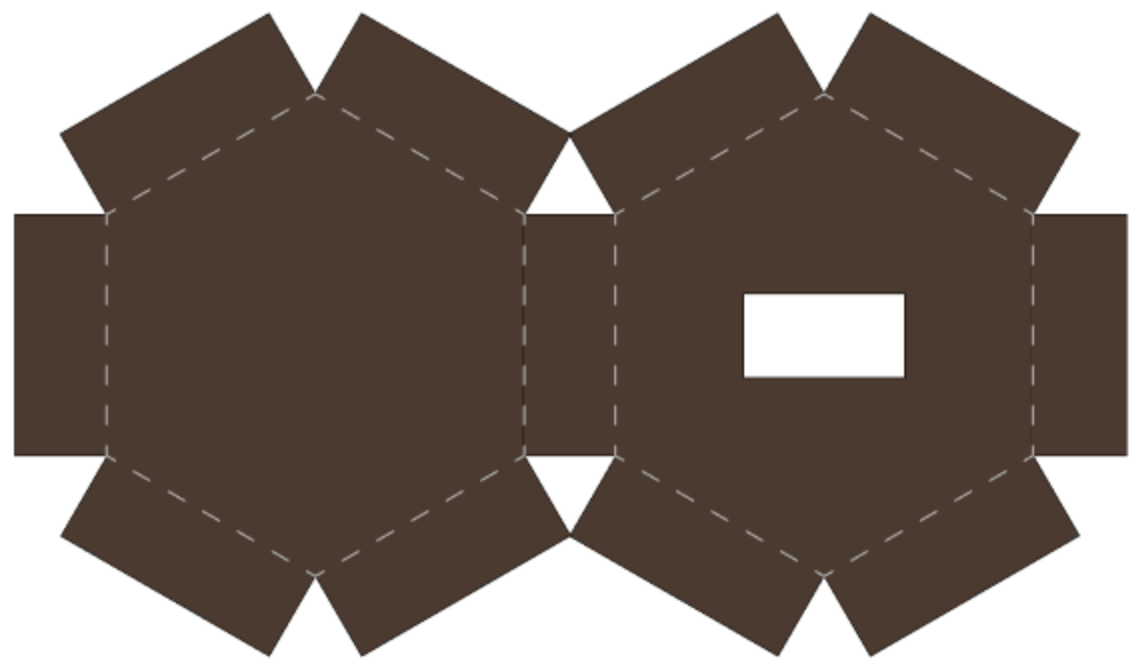

While all 3 units are connected in a V shape with the prince at the back:
+5

Add your formation's total to the prince's

99
10
3

Number of units in adjacent tiles:

If 0, enemy does heavy attack (2x) on the node he is on only

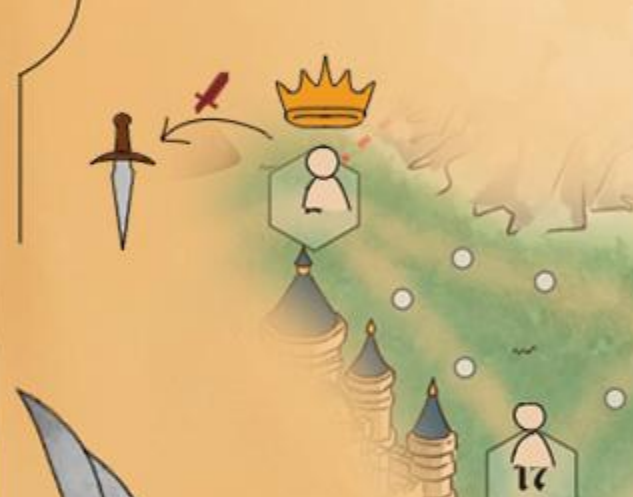

If 1, enemy attacks both the node he is on AND the node the other character is on, dealing normal damage (1x)

If 2 or more, enemy does an AOE attack that damages (1x) all nodes surrounding enemy.
